In the beginning...

An initiative of the Wyong Rotary Club, the first camp was held in 1982 for adults with disabilities. Building on the success of the first camps and the real need to support people with disabilities, the vision of building our own premises was brought to reality with the help of land at a peppercorn rent from Delta Electricity and in 1992 our first camp at our present site was held. Today Camp Breakaway is a leader in the field of respite services and its camps have been attended by people with a disability from throughout Australia.

Caring...

Since its inception, Camp Breakaway has grown in both size and scope and now provides a number of camps throughout the year including:

Breakaway Camps
These are seven-day camps for adults with disabilities

Kids Only Camp
This camp is solely for children with disabilities and is one of the most special camps held each year.

High Needs Family Camps
For children with high dependencies and their familes.

Smith-Magenis Syndrome (SMS) Family Camps
SMS is a rare condition. Its major features include mild to moderate intellectual disability, distinctive facial features, sleep disturbances, and behavioral problems.

Autism Camps
These camps are for children with autism and their families.

Young Carer and Sibling Camp
These camps take place twice a year and support young carers and siblings where someone in the family has a diability.
