

Pedal Power ACT Inc. Civic town centre and ANU campus cordon count
Site C17 – count location and rules

Count location:

Site C17 – On Torrens north of Cooyong-Ballumbir Street (renamed Cooyong Street) intersection – including on the carriageway and adjacent paths and verges
NOT on Cooyong-Ballumbir Street and not people who travel from Torrens Street directly into Donaldson Street (or vice versa) even if they do so by coming inside the cordon area for a short distance

Count:

All cyclists and pedestrians going into and out of Civic town centre and the ANU crossing C17 blue line in the map

Count times:

07:00 to 10:00
16:00 to 19:00

Record counts on app or count tally sheets

We count rain, hail or shine – unless advised otherwise

Counting rules

- **Count people walking and riding bikes** crossing the count location (as given above) – count there and nowhere else, regardless of if you think people have or have not been counted elsewhere. (The count locations make a complete cordon).
- **People riding bikes are:** those on pedal bicycles, recumbents, trikes, powered bicycles (not motorbikes), or link bikes, or on pavement tricycles, or walking their bikes. A couple on a tandem are two people. Children in trailers or bike seats are not riding bikes.
- **People walking are:** those walking, on roller skates and kick scooters and children riding in prams and trailers.
- **Male and female** – if in doubt use your best estimate (it is likely any errors will cancel out)
- **Start on time** at exactly 7 am or 4 pm as appropriate
- **Finish on time** at exactly 10 am or 7 pm as appropriate.
- Do not count people in sight who cross the count location before the start time or after finish time.
- Do not count yourself or anyone else associated with the count.
- Lookout for well intentioned, but misinformed, people who think they are helping by repeatedly crossing the count location to inflate the count. If you see one, only count them once and advise the supervisor.
- Do not advertise that you are counting people walking and riding (but do explain what you are doing if asked).
- We are only counting people who enter the cordon area via public roads, paths and spaces, not via residential or business premises – people who emerge from private property are NOT counted. There is one exception to this rule – when you know for certain that someone has approached along ‘your’ road or path, and only cut the corner via private property just before reaching your control. For this reason, the counting location on each road or path is some distance away from the intersections with the roads that form the cordon boundary.
- **We are not trying to count as many people as possible – we are to count as *accurately* as possible!**
