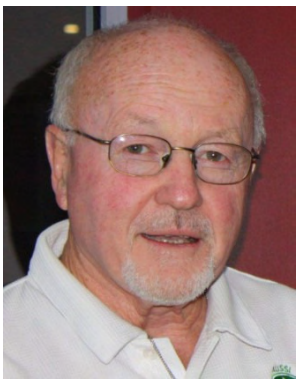
Presidents Comments



When we look at our race results when they are first posted we have an immediate flush of satisfaction or disappointment, but on a closer examination and reflection we can get more meaningful information. How far was my time ahead of or behind my expectation or PB? Did my competitors do as well as I expected? Are my times slowing at the same rate as others in my age group? What events should I have a go at in future? These are just a few of the questions that come into my mind.

A printed copy of the results allows us to trawl through them at leisure, or send us to sleep on nights when we are too wakeful! At best they are a useful historical record to look back on wistfully in later years.

I commend the WA branch on producing these results for all of us and I hope that you enjoy perusing them

John Pugh
President Masters Swimming Australia
