Phil spent many many days designing and piecing together the new site. Bowls Australia and State and Territory Assn. have entered into an agreement to implement the new site which will encompass the whole of sport information across Australia. The change from the old to new site was a massive undertaking and Phil has done an amazing job. Not only has his hair turned white, but half of it is now missing. Thanks heaps Phil your talent is unequalled.

Frustration followed by success

A Big thank you from the Board, Committees and all Members to Dave and Carol Eldridge for donating the Air Conditioner for the Office, your generosity is much appreciated by all.

Winner Ladies A Grade Singles. Congratulations to Maureen Burgess

These two Ladies did a brilliant job when they worked tirelessly to upgrade and update the Club Constitution.

**A Duel Profile...What a pair of Gems.** Both of these modest Ladies have led interesting and valuable Community lives. Denise Rogan, currently Ladies Secretary, left school at 16 then went back to study for a further 9 years, she has worked in 3 levels of Government, Local, State and Federal, she has also held positions, in Fast food, Motel and Restaurant. She has enjoyed being a Mum of five, having a child under the roof for the past 43 years (not counting the husband), enjoyed all the activities associated with the Children and Grand children. And trying to keep up with 91 year old Mother at Fernhill. Carol McNeill, presently Assistant Ladies Secretary, was born and bred in Sydney and her two children were horrified that Mum and Dad would become Bronco's Supporters when they moved to Qld, they need not have worried, its still "Go the Blues". Since moving to Caboolture Carol has joined many Organisations—Coin Club, RAAF Assn., Caravan Club, U3A and thankfully the Bowls Club. She says she is enjoying her position in the Club and being able to use some of her previous work skills, though she doesn't feel that it has helped her keep those bowls in order. Thank you Ladies, for the great voluntary work you do for the Club. Awesome twosome.

## Club needs massive kitty boost to avoid end

Some extracts from the Story that appeared in the Courier Mail September 10th 2004' Did you know that Caboolture Bowls Club, now known as Caboolture Lakes Bowls Club Inc. Narrowly escaped eviction which was set to take place on May 15th 2006. By then the battle to save the Club had lasted nearly two years, with Members taking part in many protests. Fifty Members of the Club travelled to Brisbane District Court to support a Delegation of Six from the Club who had to sit through a ninety minute hearing. Then things looked a little gloomy until a last minute successful offer from the Caboolture-Sports Club meant that the twenty six year history of the Club would continue. Throughout the two year ordeal Club Members showed solid team work, by organising Fundraisers to pay the debt that had accumulated, they even went as far as staging an eleven day "sit in " at the Club to prevent a take over. (who said Bowlers weren't stubborn, I've known Mules less stubborn than this). Sadly some of these Staunch Members are now deceased, and they, along with the other Participants will be long remembered for their support in the campaign to save the Club. Thankfully the Sports Club came to the rescue, just like in the old Westerns, the Good Guys rode in and saved the day, well in this case they may have left their horses at home, but they sure did save the day. (and without John Wayne I might add)

Caboolture Sport Club Secretary / Manager, Kelvin Patch, joined the then, green Director, Terry Little and Board Chairman, John Reason.

Thank you to Stuart Morris For saving as supplying these Articles. For some they will bring back old memories, while newer Members will be informed about some of the Clubs' past history, for the first time.

(photos are a bit fuzzy, that's just age, I know that fuzzy feeling myself, yep, just age lol.)

1. Winner says Good Morning. Loser says good heavens its morning
2. Winner is part of the answer. Loser is part of the problem.
3. Winner always has a program. Loser always has an excuse.
4. Winner says let me do it for you. Loser says that's not my job.
5. Winner sees an answer to every problem. Loser sees a problem for every answer.
6. Winner sees a green near every sandtrap. Loser sees a sandtrap near every green.
7. Winner says it may be difficult, but possible. Loser says it's possible but too difficult.

**Thank you Stuart Morris for providing these wise words.**

**TRIVIA**

A female mackerel lays about 500,000 eggs at one time (ouch sounds painful)  
 All Clams start out as males; some decide to become females at some point (I'm coming back as a clam, how about you?)  
 An albatross can sleep while it flies. It apparently dozes while cruising at 25 mph. ZZZZZZZZ  
 Certain frogs can be frozen solid then thawed and continue living. (Woman's perogative to change her mind, I'm not coming back as a Clam, definitely one of those frogs)  
 Swans are the only birds with penises (**No Comment**)

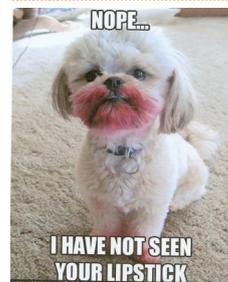

What about some Inspiration?  
**DISCOVERY**

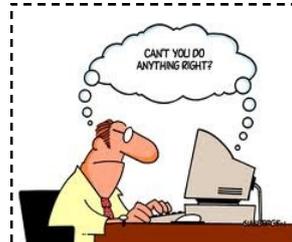

Today I smiled and all at once things didn't look so bad  
 Today I shared with someone else a bit of hope I had  
 Today I sang a little song and felt my heart grow light  
 Then I walked a happy mile with not a cloud in sight  
 Today I worked with what I had and longed for nothing more  
 And what had seemed like only weeds were flowers at my door.  
 Today I loved a little more and frowned a little less  
 And in the giving of myself ...forgot my weariness.
