If the pitcher is replaced during an innings, this total also includes the Runs scored by batters who are on base at the time the pitcher was relieved. In addition, if the Errors and outs total three, then it is deemed that the innings should have ended on the third out, or error that would have been the third out. Therefore any Runs scored on or after the third out should have been completed, are scored as unearned runs. The base runner that is safe is given a Fielders Choice instead of a Stolen Base.

IF'n'	Infield Fly: Called by the umpire when the ball is popped up in the infield with first and second bases occupied. The 'n' denotes the fielding position of the player who effects the catch or the player who is nearest to the position of the infield fly.
