

Selection Policy:

Australian Cross Country Championships, Tasmania, Saturday 31st of August

1: Introduction

This document sets out the basis on which Athletics NSW will select its Team for the 2013 Australian Cross Country Championship, Tasmania.

This document should be read in conjunction with the *General Selection Policy of Athletics NSW*. Where there is a discrepancy between the information contained between this document and the General Policy, the provisions within this document shall prevail.

This policy can be amended at any time by Athletics NSW if Athletics NSW is of the opinion that such an amendment is necessary as a result in any change in Athletics Australia's participation rules, to give effect to the policy following discovery of a drafting error or oversight or for any other reason determined to be in the best interests of Athletics NSW. Athletics NSW shall not be responsible or liable in any way to any one as a result of any such amendment.

There will be a panel that will be in charge of the selection process of the team.

2: Selection Philosophy

Athletics NSW is committed to providing its athletes the opportunity to compete at Australian Championships. As one of the strongest athletics states in Australia, Athletics NSW recognises the importance of selecting those athletes who will be able to contribute best to the continued success of athletics in the state whilst acknowledging the support that its athletes give to the association and the sport as a whole.

Athletics NSW sees the Australian Cross Country Championships as both an important event in the development of young distance runners as well as an elite event in the U20 and Open age groups providing athletes a pathway to international selection.

For the avoidance of doubt this philosophy statement is not to be regarded as part of the selection criteria. It is included in this document as a guide to those aspiring to the Team and also as reference in understanding selection decisions.
