## Nordic Shelter Managers for Winter 2015 – Expressions of Interest

Managing the Nordic Shelter at the Perisher XC Centre is one of the more interesting ways to fill a winter. The position won't make you wealthy (it is a volunteer position), but, as the Nordic Shelter Manager, you will have a winter like no other.

Accommodation is provided at the Nordic Shelter for two people and the manager/s are required to be in residence from the June long weekend through the October long weekend.

Duties of the Managers include (but aren't limited to):

- Day-to-day management of the facility in regard to the public use of the building – opening, cleaning, supplies, snow control (and other safety issues) and maintenance.
- Daily reporting and communication of snow/weather/trail conditions and information about events and activities at the XC Centre.
- Working with NPWS and the contract groomer to co-ordinate XC trail grooming on a daily basis.
- Trail grooming – skidoo.
- Working with NSWXC and other groups to facilitate events, fundraising activities and projects.

Useful skills:

- Experienced XC skier
- Practical mechanical and building maintenance.
- Experienced skidoo driver.
- Familiarity with the varied issues of snow grooming.
- Computer and communication.
- First aid.
- Flexible, adaptable and ability to be cheerful in trying circumstances.

Expressions of interest in the position are requested by 21 February 2015. Please include your contact details, a short (half page at most) essay about your suitability for the role (and other comments that you may wish to make) and a dot-point list of your relevant experience and skills. Contact [nswxc1@gmail.com](mailto:nswxc1@gmail.com) if you have queries.
