Women's Bowls NSW
Level 7, 309 Pitt Street, Sydney NSW 2000

Conditions of Play for State Championships and all Association Events 1st January – 31st December

1 General

- (a) These Conditions apply to State, District Associations and all Clubs for State Events.
- (b) The “Association” means Women’s Bowls NSW

Association Events shall be interpreted as being an event that is promoted by the WBNSW and under its organization and control and are as follows:

Championships

State Championships, ie. Singles, Open and Senior Pairs, Triples, Open and Senior Fours, Mixed Pairs
Champion of Club Championships, Singles and Pairs
All Club Singles, Pairs, Triples and Fours Championships
State Carnival

Other Events

Pennants
Over 60’s Interstate Series
Under 25’s (if played)
NSW Indoor Singles
Metro vs Country Series

- (c) Association Events take precedence over all other events subject to Item 19.1. An Open Draw of self-selected teams is to be conducted for all Association Events at Club, District and State level.
- (d) In all Association Events conducted by a Club or District, the State Match Committee is the overriding Controlling Body and Clubs and Districts Match Committees must conduct events in accordance with the conditions set down by WBNSW. The appointed Controlling Body at Club, District or Regional Events, must be an affiliated WBNSW player. The Controlling Body of the day, Markers and Umpire are to be appointed/organized by the Match Committee (Club/District/State). **All Association events must have a Controlling Body and Umpire in attendance.**
- (e) A player may be a member of more than one club but shall nominate only one club for which she will be affiliated with WBNSW and play all Association Events for the current bowling season i.e. Jan – Dec.
After majority voted agreement of Clubs in a District – District Championships or Pennants (not Club Championships) may be commenced in the latter part of the previous year, provided all State Playoffs have concluded.
- (f) A player who is a playing member of only one club plays her Association Events for that club for the current bowling season (Jan –Dec). If during the bowling season she joins another club as a playing member without a Certificate of Clearance from the club with which she is affiliated, she may not nominate her new Club as her Affiliated Club until the start of the next bowling season.

A player may play, **with a Certificate of Clearance**

- (i) any championship she has not already played, or
- (ii) any round of pennant she has not already played in the current season.

- (g) In any Association Event (with the exception of Pennants) any player, until eliminated, shall not be set down to contest any other Championship or Competition in their own club or district. Eliminated players are to be allowed a reasonable time before and after the event for safe travel, before being carded for Club Championships or competitions.
- (h) Club Stickers may be attached to bowls for all Association Events, State Championships, Pennants played at all levels, District, Region and State Play-offs. If used, all bowls in play of that team or side must use the

stickers or they are not used at all. In all Association events players are representing their Clubs, not the District. District stickers should only be used for Inter-district or Inter regional games.

- (i) **For all State play-offs Clubs are asked to bring a magnetic strip with Club name for scoreboards.**
- (j) All players in a team /side must be dressed in the same State registered and approved uniform as outlined in the current **Dress Policy**.
- (k) Electronic or Communication Devices shall not be taken onto the green or surrounds in an active mode during the playing of an Association event, except with the approval of the Controlling Body.
- (l) All State Championships and Pennants are made up of three stages in each event – District, Regional and State. If a Club Side/team/player does not wish to proceed to the end scenario of the State event, as it is presently conducted, then they should consider not entering. It is not fair to Clubs defeated in the process by a side/team/player that does not intend to go further in that Event either from District or Regional level. To award the position in further playoffs to the runner up is not an acceptable option. (see Item 6 (b) for possible penalties).
- (m) **Club Competitions** are defined as minor singles, pairs etc., major/minor events, Consistency, Queen or Princess of the Green, Carnivals, Tournaments, Gala or Charity Days. These events **are not** governed by these Conditions of Play for their format and the eligibility criteria or rules covering these games are unique to each Club and should be outlined in the Club's Domestic Rules.
- (n) All competitive games played under the Laws of the Sport of Bowls, Crystal Mark 3rd Edition are only to be contested by fully affiliated bowlers.
- (o) **Players and Their Duties**
Players' duties are outlined in the Laws of the Sport – Crystal Mark 3rd Edition and also some specific items in the Bowls Australia DR's.
Skips **MUST** keep the scorecard in all pairs and triples team games (Law 40.1.7.1 and DR 3.2) and it is their responsibility to ensure the scorecard agrees with the opposing Skip every end (Law 40.1.7.4). **Any player can be delegated to keep the scoreboard.** (D.R. 3.1.1). Seconds **shall** keep the card in Fours (This includes Pennants). Thirds would normally do all measuring to determine the result of an end, unless this duty is delegated by the Skip to another member of the team prior to the commencement of the game and advised to the opposition.

State Entries and Fees

- (a) Each entry, together with a **completed copy of the draw, accompanied by fees for all Association Events must** be made on the current official **entry form** by Delegated District Official, or Club Secretary in Isolated Clubs and returned to the Executive Officer of WBNSW **before** the closing date. Entries received **after** the close of business on the closing date **will not** be accepted.
- (b) All Club or District draws that are forwarded to the State Match Office must be **correctly completed** to include Full Names (not initials), National Registration Number, Club (for District Events) for all players entered and **full names**, numbers and Club of Winners. If space on the draw is limited, a separate sheet may be attached to the draw listing the details as requested.
- (c) Only a fully capitated Club member **at the time of close of entry** (Pennants Excepted) is eligible to play in any Association or Club fixture during a season. Any player who has played in Championships in one club cannot play in the **same event** in another (new) club in the same year.
- (d) **WBNSW registration is checked when entries are received by WBNSW but proof of identity may be required prior to the commencement of the event.**
- (e) The Match Committee/Controlling Body must be notified of any change in team personnel before the commencement of play.

- (f) Entrants **must** notify WBNSW immediately of any alteration of accommodation or telephone number. A Mobile telephone number of a player in the team, must appear on the entry form, to allow contact immediately prior or during a State playoff event.

3 Authority of State Match Committee

- (a) For all Association Events [see 1(c)] the State Match Committee is the overriding Controlling Body.
- (b) Matches will be played under the control of the Match Committee of the WBNSW which shall have the power to enquire into all disputes. In the event of any member of the Match Committee being a member of a disputant club, she shall withdraw from the Committee for the time being.
- (c) If in the opinion of the Match Committee the occasion demands, it may change the green for play and alter the day or time set down to play any match.
- (d) **The State Match Committee reserves the right to alter venue, program, playing schedule, length of games or any other Conditions to bring a State run or playoff event to a satisfactory conclusion.**
- (e) **Should a State Playoff Event be cancelled due to inclement weather, a decision by the greenkeeper or other unforeseen circumstances, and no play has been possible, the Association will refund the entry fee but bear no responsibility for any expenses incurred by entrants resulting from the cancellation.**

4 Knock-out Breaches

- (a) Should a breach occur in a “knock-out” game rendering the offending player, team or side liable to disqualification, and the Match Committee be unaware of the irregularity at the time of its happening, the Match Committee will, when so notified, substitute in the next succeeding round the player, team or side last defeated by the defaulting player, team or side.
- (b) Should the Match Committee inadvertently make an error in giving a decision as to a winner and becomes aware of the irregularity, the fixture shall revert to that stage where the mistake occurred and play shall recommence at that point irrespective of whether or not further games have been played.

5 Greens for Play

- (a) The greens of all affiliated clubs shall be made available to the Association for playing of any fixture or match arranged by and under the control of the Association. Greens may be either vegetation or synthetic surface as approved by a member national authority. Law 46.4

All greens are declared neutral for All Association Events at District, Regional and State levels.

- (b) All Greens made available for play may be inspected by the State Match Committee Chairman and/or committee member.
- (c) Clubs arranging Social or other Competitions during the currency of the Association Program must be prepared to provide green space for the Association matches set down for their clubs. Such greens must be the best available on that day.
- (d) Where a player, team or side is drawn to play in an Association Event against a player, team or side whose green she or it considers is unfit for play, the match shall be played, but the opponent, skip or captain shall have the right to lodge an objection against such green to the Association on the grounds that it was unfit for play; provided that notices of intent to lodge such objection shall be given to the club and opponent, opposing skip or captain before the commencement of play or within a period of 30 minutes after commencement of play. Such objection shall be lodged with the Executive Officer of WBNSW (or the Secretary of the respective District Association) within 48 hours after the time set down for play. Where either or both opposing players, teams or sides lodge an objection to the condition of the green the Association may rule the match to be replayed. All such objections shall be accompanied by a deposit of

\$50.00. If the Association decides that the objection is frivolous, the deposit shall be forfeited to the Association, otherwise the deposit shall be refunded.

6 **Forfeits and Withdrawals** at Club, District, Regional and State level.

- (a) Any **singles player, team or side unable to play** at the time and date specified must forfeit to the Controlling Body.
- (b) **If any singles player, team or side fails to fulfill an engagement without justifiable cause (in the opinion of the WBNSW Match Committee) she or they shall at the discretion of the WBNSW Match Committee be liable to have their entry/entries declined the following season and may also be liable to a penalty not exceeding \$100.00 per player for any one offence. The liability of the payment of the fine shall rest with the club concerned. {See also Item 1(I)}**
- (c) In **all Events** the match must be awarded to the opponent(s) if the singles player, team or side has failed to appear **30 minutes** after the specified time of starting, subject to Law 39.1.2
- (d) State, District or Club Match Committee (whichever is applicable) must be notified of all forfeits or withdrawals. A forfeit once notified cannot be rescinded.

7 **Score Cards**

State Championship Play Offs, Champion of Club Champion Singles & Pairs, Indoor Singles, Pennants Playoffs and State Carnival - Score cards are prepared by the State Match Committee and must be **completed in ink**.

A record of all scores for and against on each end must be shown on both scorecards (no blanks). Every score is to be brought forward on each end.

Singles: In a singles match there is **only one official score card** and that is the one kept by the Marker. The front, back and total is to be **completed on both sides** of the card and after checking **they must be signed and time recorded immediately the match is completed by the opponents and the marker**. This signifies agreement of score and completion of match. Once the card is signed the scores shall not be altered. Marker is to hand card to the WBNSW, District or Club Match Committee whichever is applicable.

Pairs, Triples, Fours: Club to provide own players cards at District level. After having completed the front and back of **both cards** including event and date, **the cards must be signed and time recorded immediately the match is completed by the skips in Pairs, Triples and seconds in Fours**. This signifies agreement of score and completion of match. Once the card is signed the scores shall not be altered. The winner to hand cards to the WBNSW, District or Club Match Committee whichever is applicable. **The keeping of the card in pairs and triples is not a duty that the skip can delegate.**

To be consistent, the owner of the card should have their names written first on their own scorecard and either the home player/ team or the player/team listed first in the draw is the first on the scoreboard. (not the winner of the toss). In all State events the home side is the first listed in the Draw.

Incomplete Match: If a match is abandoned for the day because of inclement weather, bad light or any other justifiable cause, the score cards showing full particulars must immediately be handed to the WBNSW, District or Club Controlling Body (whichever is applicable) who will notify players when the match is to be completed. The same personnel must finalise the match and only one substitute may be included in each team of Fours, Triples and Pairs.

Substitute Law 33.2: If a player has to leave the green during the course of a team or side game due to illness or some other reasonable cause and they cannot return within ten (10) minutes, the Umpire or the Controlling Body can approve the introduction of a substitute. The word **"SUB"** must be clearly printed on the card beside the name of the constituted player. The name of the substitute must be printed in the margin and **signed by the Controlling Body before the substitute player joins the game**. If two matches are played in a day **it is the responsibility of the skip to have the substitute signed in before each match**.

Skips **MUST** keep the scorecard in all pairs and triples team games (Law 40.1.7.1 and D.R. 3.2) and it is their responsibility to ensure the scorecard agrees with the opposing Skip every end. (Law 40.1.7.4). Any player can be delegated to keep the scoreboard. (D.R. 3.1.1.) Seconds **shall** keep the score card in all Fours games (this includes Pennants). DR 3.2.4

Mistake in Scoring: If during the course of the game, or at the conclusion before the cards are signed, a mistake is discovered and the opponents cannot agree, then the Umpire shall be called and if no resolution is found, the end where the mistake occurred shall be declared a nil score end (tied end) and the cards adjusted accordingly.

It is the responsibility of opponents to check completed cards for accuracy. The signing of cards by skips in Pairs and Triples and second in Fours (and Pennants) signifies agreement as to the result of the match

8 Refreshments

In all Association Events **no break** during the match for luncheon or afternoon tea is allowed, unless inclement weather intervenes.

PLAYING LEVY

The levy payable is per player per day for each event except the day of the Final (except Pennants).

The levy payable to venue Clubs at all State Playoff events covers Morning Tea, Lunch and Green Fees. Lunch provided by the venue is to be paid for whether the lunch is eaten or not. This is a mandatory condition accepted by your entry into the event. Any special dietary request should be made to **the venue Club** before the event commences to allow reasonable time for a change to organized catering. Any requirement not so advised may not be possible.

Any player/team or side scheduled to play a morning game will be required to pay the FULL levy as prescribed on the Entry Form and the Conditions of Play document distributed with the Draw for each event. Any player/team/side scheduled to play in the afternoon only, will be charged a green fee as prescribed on the Entry Form and the Conditions of Play document distributed with the Draw for each event. This levy is payable to the Venue Club to cover their costs.

9 Umpires and Markers.

An Accredited Umpire and Markers as required, must be appointed by the Controlling Body for Association, Club and District events. A male Umpire or Marker may only be used if WBNSW Affiliated members are unavailable. **The Controlling Body or a Controlling Body delegated by the Club/District must be in attendance.** (Item 1(d)). The Controlling Body or appointed Umpire **shall not be a contestant or marker in the said Association Event on that day.**

10 Trial Ends.

Before start of play in any game, or on the resumption of an unfinished competition or game on another day, the Controlling Body shall permit one trial end each way using as many bowls as will be used in the game (Law 5.1.4). Trial ends shall commence at least 20 minutes prior to the scheduled starting time. All trial ends shall be completed by the scheduled starting time and if still in progress at the scheduled starting time shall cease immediately.

In State events played at District level and in all Club Championships players shall have one trial end each way before each game. Any player(s) arriving on or after the specified time of commencement of the match **shall forfeit the right to trial ends.**

No trial ends on resumption of play after a delay on the same day, unless the players are required to change greens.

11 Measuring

Before play commences a skip may delegate any member of her team to do the measuring. If no player is so delegated, the player who plays immediately before the skip shall do the measuring. **The skip cannot do the measuring.**

12 Conceded Match

If a team is in a position where it cannot possibly win, with the number of ends remaining and shots available, it may concede the match without playing the required number of ends. **The umpire's permission is not required** (for conceding in Pennants see Pennant Conditions of Play).

13 Practice

An intended player or team playing in a competition and due to meet a player or team who, on that day has previously played, may practice provided there is sufficient time available without delaying the competition and a rink is available other than the one upon which she or the team has been drawn to play in a subsequent round. (DR 1.1). If two such players or teams are thus entitled to practice they may practice together. **Players who are practicing during the running of a State Championship must wear State approved uniform on a green where Championship play is in progress.**

14 Substitutes and Replacements.

- (a) Domestic Regulations (B.A. to apply)
- (b) There is no dispensation allowed for jury duty. Clubs cannot have a domestic ruling which allows time to play a championship match if called for jury duty. In a team match a substitute may be used but in a singles match the player must forfeit.
- (c) There can be no domestic rule which allows extra time if for any reason a player is unavailable when a game is set down. Mutual agreement between all players and notification to the Controlling Body allows play before the carded date.
- (d) A player is not permitted to use a **substitute** in one match if the player has entered another bowls match scheduled to be played at the same time. The Controlling Body should satisfy themselves regarding the eligibility of any proposed substitute/replacement and the circumstance governing the request.
- (e) **If a Constituted Player is physically incapable or otherwise prevented from taking further part in any round (after the first round) in that competition for a reason accepted by the Controlling Body, a replacement player can be permitted to take the place of that player in accordance with DR 2.4**

There is no allowance for a change to a team once entries have closed, unless in the form of the introduction of a substitute in the first round. If a team requires changes to more than one member in the first round, this is not permitted and the team must withdraw from the event.

An intended member of a team means one whose entry has been accepted for a particular competition. However, if the intended team withdraws before their first game, the members of that team shall be regarded as not having entered the competition and be eligible to be substitutes, or replacements in the competition. Note: any intended member of a team entered in a competition is not eligible to act as a substitute/replacement in that competition if the team forfeits the first round.

A Replacement player is a player who is appointed to take the place of a **constituted player who cannot play in any round, after the first round of that competition, for a reason accepted by the Controlling Body.**

Domestic Regulations

- (i) No member may act as a substitute and no change of substitute may be made unless the Controlling Body on request, grants permission after having satisfied herself regarding the eligibility of the proposed substitute and the circumstance governing the request.
- (ii) A substitute shall be chosen from available eligible members whose playing ability shall not be taken into account.
- (iii) If there be no eligible member available, an affiliated member may act provided the Controlling Body on request, grants permission after having satisfied herself as to the comparative playing ability in relation to that of the absent player in the team.
- (iv) A member who has acted as a substitute, if she remains eligible may continue to act as a substitute in that or any other team, in the same competition or she may be changed at the completion of any end during the match or between succeeding matches in the same competition.
- (v) A constituted player in a team, or a team that is part of a side whether defeated or not shall be ineligible to act as a substitute in any other team in the same competition.
- (vi) A substitute may play in any position except that of skip. In the case of a triples or fours, the other players may arrange their positions as desired.
- (vii) **A player who requires the use of a substitute for a reason accepted by the Controlling Body cannot be denied entry to the venue during the playing of the event. DR 2.3.3 may apply.**
- (viii) The awarding of a trophy to a substitute in a winning team should be the prerogative of the Controlling Body.

15 Game Stoppages Law 32

If after an appeal to the umpire, a match is stopped due to inclement weather or bad light, and then if the match be resumed, it shall be continued with the scores as they were when the match stopped. If play is resumed on the same day an end not completed should be declared dead Law 32.2. A match shall be resumed with the same personnel except for the inclusion of a substitute in a team, if necessary. The substitute may play in any position except that of skip. Should two players be absent from a team, the match shall be forfeited.

(a) Delaying Play

If the umpire, either by their own observation or on appeal from one of the skips or the opponent in singles, decides that a player is deliberately delaying the delivery of the player's bowl:

- On the first occasion the umpire will warn the player.
- If the player commits the same offence a second time, the end will be regarded as completed and the opponents of the offender will score as many shots as there are bowls in use by such opponent.
- If the player offends a third time the game will be forfeited to the opponent.

16 Abandon Play

Only the Controlling Body may abandon play for the day. When this occurs all players must leave the green immediately. Once play has been abandoned for the day it cannot be resumed on the same day.

17 District Associations

The District Association Match Committee shall conduct State Association Events within its District in accordance with these Conditions of Play and conduct these events on behalf of WBNSW.

State Singles:

25 up **(Shots scored over 25 will not be counted)**

State Pairs (Open & Senior)	18 ends **
State Triples	18 ends
State Fours (Open & Senior)	21 ends **
Pennants	21 ends per team
Mixed Pairs	Sets play.

**** Open and Senior Fours and Open and Senior Pairs are to be conducted at the same time at District, Regional and State level. A player may enter only one of these State Fours events, or Pairs events, however an eliminated/defeated player may act as a substitute in the other event in subsequent rounds, if required and eligible. See heading STATE EVENTS later in this document for more details for each State Event.**

This does not mean that the Fours and Pairs events are to be run at the same time, only the Open and Senior categories of each discipline.

Special Conditions: District Association Secretaries call for all entries for State Singles, Open and Senior Pairs, Triples, Open & Senior Fours Championships and Mixed Pairs, and play these events with an Open Draw made of individual entries received from Clubs in the District and run by the District Match Committee and a District Winner is found. All District and Regional Events are Open draw matches and are to be played on a neutral green.

All greens are declared neutral for ALL Association Events at District, Regional and State level.

The Draw for the District Section of these competitions is made by the District Association and the winners are required to enter for the Regional Playoff and for the State Title. A copy of the completed District and Region's play-off draw for each event together with the entries on the current entry form and the fees where applicable for State play-offs **must be** forwarded to the Executive Officer of WBNSW by Delegated District Official.

18 Club Championships.

All Club Championships are now Association Events and **teams must be self-selected and an Open draw conducted, in each Club** and played as follows:

Singles	25 up (Shots scored over 25 will not be counted)
Pairs, Triples	18 ends
Fours	21 ends

Club Championships must not commence before 1st January of the current year. (See Pennant Conditions of Play for variation to playing schedule and circumstances governing these variations.)

There is no minimum number of entries required for a Club Championship. If only one team/player enters the event, then they are declared the winner for that year. The awarding of any trophy, certificate, badge or prize would be at the discretion of the sponsor (if any) or the Executive of the Ladies Club.

19 Order of Precedence

1. State and National Players

All District/Club Match Committees are to adjust their programs for all NSW State events to accommodate players who are selected to represent NSW and/or Australia, or are taking part in a trial for Selection or Official practice for NSW and/or Australian Representation. This includes also U18, U25 and Over 60 scheduled events and also the Australian Open. Special Dates for other events listed on the State Program must also be given consideration to avoid changes to your program further down the line.

2. All State events

State Singles, Open and Senior Pairs, Triples and Open & Senior Fours, State Mixed Pairs; all played at District and State level. NSW Indoor Singles, State Champion of Club Champions; Singles and Pairs; Club Major Singles, Pairs, Triples & Fours. Pennants.

NB If a player is in any of the events conducted by the State i.e. State Carnival, Indoor Singles, Under 25's Under 18's State Championships, or are selected in the Over 60's Interstate, Metro v Country Series or enter the BA Australian Open, they cannot be set down to play District or Club Championships until eliminated or the event concludes, allowing adequate and a safe, reasonable time for travel.

No representative selection or event takes precedence over Pennants. Selection in a Club Pennant team can be changed each and every round (prior to State playoffs) if required. Clubs may reschedule their games if agreeable and advise District Match.

Entry into Police Championships, Education Championships, CHS or BWD events do not get dispensation.

3. Regional Games, Inter-District and Inter-Club Games, District Veterans Days, District and Club Carnivals, Open Days, Gala Days and Club Competitions such as Queen of the Green, Minor Singles, Minor Pairs and Consistency, Club mixed Pairs/Fours or Club Challenge (as conducted by Bowls NSW)

Events listed in each heading are of equal "standing".

20 Master Qualifications.

Provided that qualifying rounds(as a minimum) in singles are 21 shots up in sectional play and 25 shots up in knockout play, and in team games are 15 ends in sectional play and 18 ends in knockout play, qualification for entry in a Masters Tournament, subject to proof as required, shall be:

- 1 Master Singles Tournament- Singles Champion of a Controlling Body.
- 2 Master Pairs Tournament – Singles or Pairs Champion of a Controlling Body.
- 3 Master Triples Tournament – Singles, Pairs or Triples Champion of a Controlling Body.
- 4 Master Fours Tournament -Singles, Pairs, Triples or Fours Champion of a Controlling Body.
- 5 Master Mixed Pairs Tournament- Singles, Pairs or Mixed Pairs Champion of a Controlling Body.

All existing Master players shall retain the right to Masters Entry.

Corresponding titles of another country shall also qualify. (BA policy applies.)

21 Bowls Requirements

Bowls (4) must be a matched set: the same make, model, size, weight, colour, bias, serial number and engravings. Distinguishing marks on bowls must be clearly visible and if grooved rings or dimples are coloured, each bowl in the set shall be coloured the same.

If a team elects to use stickers, all bowls belonging to players within a team or side must have these adhesive stickers and they should be the same on both sides of the bowl. We recommend that the large ring and the dot are used on bowls to allow the WB stamp to remain visible. Law 52.1.8.3 DR 4.7.4 allows for the adhesive markings (dot) to cover the distinguishing mark (logo) on the bias side of the bowl.

WBNSW has no requirements for bowls to be retested and re stamped every ten (10) years for WBNSW Association Events. However, players qualifying for, or entering into, an event controlled by Bowls Australia, must comply with DR 4.8 and all bowls must carry the stamp of the current year or better.

STATE EVENTS:

The Controlling Body reserves the right to alter the conditions of its program (e.g. greens, schedule, shots up, number of ends etc.,) if it decides that this is essential to bring an event to a successful conclusion. Any change will be advised as soon as practicable at the Event.

State Carnival Open Fours – Self Selected

Entries to be on the printed form supplied by WBNSW to be returned to the Executive Officer of WBNSW on or before the closing date as shown on the form. Composite teams are accepted.

Entrants **must** notify WBNSW **immediately of any alteration to mobile telephone** prior to the commencement of the Carnival. A mobile telephone number **must** appear on the entry form for contact during the event.

Programs including conditions of play are supplied to entrants and all venue clubs before play commences by WBNSW Match Committee.

Attire – **NSW registered Uniform OR BA approved apparel is allowed. All players in a team must be dressed the same unless a composite team.** Composite teams **must** wear respective Club uniforms, or all dressed the same in same BA approved apparel. **ALL** garments **must** have a BA logo or team risks disqualification.

**** Open and Senior Fours and Open and Senior Pairs are to be conducted at the same time at District, Regional and State level. A player may enter only one of these Fours or Pairs events, however an eliminated/defeated player may act as a substitute in the other event in subsequent rounds, if required and eligible.**

This is not to be interpreted that the Fours and Pairs are to be played at the same time, just the Open and Senior of the individual discipline.

Mixed Pairs Championships.

Three (3) bowls pairs – 2 x 5 end sets with 1 end tie break if required. No dead ends, Jack respotted on “T”

This event will be played at District level – a female and male player in each team and either player can play skip.

Players do not need to belong to the same Club, but entry is from the Club/District of the female player. Play should be sectional in the preliminary rounds to achieve section winners who will then play in knockout rounds to achieve a winner. Play should be either twilight/evening or weekends to allow flexibility and entry by players still in the workforce.

NSW Indoor Singles

See entry form for Conditions of Play.

Over 60's Interstate Series

As selected. Dates of Birth are required on State Database to be considered.

NSW Under 25 Singles (if played)

See entry form for Conditions of Play.

Metro vs Country Series (as selected)

DUTIES OF THE APPOINTED CONTROLLING BODY.

Before the commencement of play on any day, the name of the person representing the Controlling Body and the Umpire(s) of the day should be announced. Before play commences and following completion of the game on any day, the Controlling Body is the Match Committee of the Club/District or State running the event.

Both nominated officials in these positions must be present at all times during the match, before the start of play and after play finishes (for a reasonable time).

The Controlling Body can:

Decide when to start play if the weather is doubtful. (C.B. can hold players at the venue for a reasonable amount of time pending any improvement in the weather.)

If circumstances warrant it, extend the time allowed for late arrivals (allowing for common sense and good sportsmanship). Award the match to the opponent if a player, team or side fails to show or otherwise forfeits its match.

Replace a marker whose performance or behavior is less than acceptable.

Approve and sign in a substitute in accordance with Law 33.2

Take action to have spectators refrain from disturbing, advising or interfering with players. (Players should appeal to umpire who refers the situation to the Controlling Body).

Decide when to abandon play for the day because of darkness, conditions of the weather or any other valid reason. They should always consider their responsibility towards the *duty of care* to everyone concerned.

Award the match to the opponent if advised by the umpire that there has been an infringement of a law that requires that penalty. (The umpire cannot award the game to an opponent only the C.B.)
