### 6.1 Child protection

Hockey South Australia has lodged a compliance statement with the Department for Education and Child Development to acknowledge that they are aware of our obligations to create and maintain a child safe environment according to the requirements under Section 8C of the *Children's Protection Act 1993*.

Hockey SA has lodged this statement on behalf of Woodville Hockey Club; *If you are not sure of your status regarding this contact your SSO (if applicable) and/or Families SA on 08 8463 6468)*

Woodville Hockey Club is committed to the safety and well-being of all children and young people who participate in our sport or access our services. We support the rights of the child and will act at all times to ensure that a child-safe environment is maintained.

We acknowledge the valuable contribution made by our staff, members and volunteers and we encourage their active participation in providing a safe, fair and inclusive environment for all participants.

#### 6.1.1 Identify and analyse risk of harm

We will develop and implement a risk management strategy, including a review of our existing child protection practices, to determine how child-safe our organisation is and to identify any additional steps we can take to minimise and prevent the risk of harm to children because of the actions of an employee, volunteer or another person.

#### 6.1.2 Develop codes of behaviour

We will develop and promote a code of behaviour that sets out the conduct we expect of adults when they deal and interact with children involved in our sport, especially those in our care. We will also implement a code of behaviour to promote appropriate conduct between children.

These codes will clearly describe professional boundaries, ethical behaviour and unacceptable behavior. (Refer to the attachments in Part B of this policy.)

#### 6.1.3 Choose suitable employees and volunteers

We will take all reasonable steps to ensure that our organisation engages suitable and appropriate people to work with children, especially those in positions that involve regular unsupervised contact with children. This will include using a range of screening measures.

We will ensure that Relevant History Assessments are conducted for all employees and volunteers who work with children, where an assessment is required by law. If a criminal history report is obtained as part of their screening process, we will handle this information confidentially and in accordance with the Standards<sup>1</sup>. (Refer to the attachments in Part C of this policy.)

#### 6.1.4 Support, train, supervise and enhance performance

We will ensure that all our employees and volunteers who work with children have ongoing supervision, support and training. Our goal is to develop their skills and capacity and to enhance their performance so we can maintain a child-safe environment in our sport. We will appoint a child safe officer to support this statement.

(Recommend online training on [www.playbytherules.net.au](http://www.playbytherules.net.au) in Child protection and Harassment and discrimination)

**6.1.5: Empower and promote the participation of children**

We will encourage children and young people to be involved in developing and maintaining a child-safe environment for our sport.

**6.1.6: Report and respond appropriately to suspected abuse and neglect**

We will ensure that all our employees and volunteers are able to identify and respond appropriately to children at risk of harm and that they are aware of their responsibilities to make a report if they suspect on reasonable grounds that a child has been, or is being, abused or neglected. (Refer to the attachments in Part E of this policy.)

Further, if any person believes that another person or organisation bound by this policy is acting inappropriately towards a child, or is in breach of this policy, he or she may make an internal complaint to us. (Refer to the attachments in Part D of this policy.)

**6.1.7: Manage appropriately any allegation of misconduct towards children**

We will treat any allegations of child abuse or neglect towards children participating in activities associated with our organisation responsibly and sensitively. This will include providing support for the alleged victim and their family and ensuring natural justice is provided for the alleged offender.

(See Managing allegations of child abuse in recreation and sport [www.ors.sa.gov.au/\\_data/assets/pdf\\_file/0006/153564/child\\_abuse\\_allegations\\_guidelines\\_050115.pdf](http://www.ors.sa.gov.au/_data/assets/pdf_file/0006/153564/child_abuse_allegations_guidelines_050115.pdf))

**6.2 Taking images of children**

There is a risk that Images of children may be used inappropriately or illegally. Woodville Hockey Club requires that individuals and associations, wherever possible, obtain permission from a child's parent/guardian before taking an image of a child that is not their own. They should also make sure the parent/guardian understands how the image will be used.

To respect people's privacy, we do not allow camera phones, videos and cameras to be used inside changing areas, showers and toilets which we control or are used in connection with our sport.

When using a photo of a child, we will not name or identify the child or publish personal information, such as residential address, email address or telephone number, without the consent of the child's parent/guardian. We will not provide information about a child's hobbies, interests, school or the like, as this can be used by paedophiles or other persons to "groom" a child.

We will only use images of children that are relevant to our sport and we will ensure that they are suitably clothed in a manner that promotes participation in the sport. We will seek permission from the parents/guardians of the children before using the images.

**6.3 Anti-discrimination and harassment**

Woodville Hockey Club is committed to providing an environment in which people are treated fairly and equitably and that is, as far as practicable, free from all forms of discrimination and harassment.

We recognise that people may not be able to enjoy themselves or perform at their best if they are treated unfairly, discriminated against or harassed.

**6.3.1 Discrimination** Unlawful discrimination involves the less favourable treatment of a person on the basis of one or more of the personal characteristics protected by state or federal anti-discrimination laws.

The personal characteristics protected by anti-discrimination laws include attributes such as race, age, disability, gender and race. The full list of protected personal characteristics is in the “Definitions” set out in the Dictionary of Terms.

Discrimination can be either direct or indirect.

- **Direct** discrimination occurs if a person treats, or proposes to treat, a person with a protected personal characteristic unfavourably because of that personal characteristic.
- **Indirect** discrimination occurs if a person imposes, or proposes to impose, a requirement, condition or practice that will disadvantage a person with a protected personal characteristic and that requirement, condition or practice is not reasonable.

For the purposes of determining discrimination, the offender’s awareness and motive are irrelevant.

### **6.3.2 Harassment**

Harassment is any unwelcome conduct, verbal or physical, that intimidates, offends or humiliates another person and which happens because a person has a certain personal characteristic protected by State or Federal anti-discrimination legislation.

The offensive behaviour does not have to take place a number of times, a single incident can constitute harassment.

Sexual harassment is one type of harassment. Sexual harassment is unwelcome conduct, remarks or innuendo of a sexual nature. It covers a wide range of behaviours and can be verbal, written, visual or physical. Sexual harassment is not limited to members of the opposite sex.

### **6.3.3 Prohibition against discrimination and harassment**

We prohibit all forms of harassment and discrimination based on the personal characteristics listed in the “Definitions” set out in the Dictionary of Terms.

Any person who believes they are being, or have been, harassed or discriminated against by another person or organisation bound by this policy is encouraged to raise their concerns with us. A person may make an internal complaint, and in some circumstances, they may also be able to make a complaint to an external organisation. (Refer to the attachments in Part D of this policy.)

## **6.4 Intimate relationships**

Woodville Hockey Club understands that consensual intimate relationships (including, but not limited to sexual relationships) between coaches or officials and adult athletes may take place legally. However, this policy will help ensure that the expectations of coaches or officials are clear and, to ensure that if an intimate relationship does exist or develop

between a coach or official and an adult athlete, that relationship will be managed in an appropriate manner.

Coaches and officials are required to conduct themselves in a professional and appropriate manner in all interactions with athletes. In particular, they must ensure that they treat athletes in a respectful and fair manner, and that they do not engage in sexual harassment, bullying, favoritism or exploitation.

We take the position that consensual intimate relationships between coaches or officials and the adult athletes they coach should be avoided as they can have harmful effects on the athlete involved, on other athletes and coaches and on the sport's public image. These relationships can also be perceived to be exploitative due to the differences in authority, power, maturity, status, influence and dependence between the coach or official and the athlete.

We recommend that if an athlete attempts to initiate an intimate relationship with a coach or official, the coach or official should discourage the athlete's approach and explain to the athlete why such a relationship is not appropriate.

If a consensual intimate relationship does exist or develop between an adult athlete and a coach or official, the coach or official is expected to ensure that the relationship is appropriate and that it does not compromise impartiality, professional standards or the relationship of trust the coach or official has with the athlete and/or other athletes.

In assessing the appropriateness of an intimate relationship between a coach or official and an adult athlete, relevant factors include, but are not limited to:

- the relative age and social maturity of the athlete;
- any potential vulnerability of the athlete;
- any financial and/or emotional dependence of the athlete on the coach or official;
- the ability of the coach or official to influence the progress, outcomes or progression of the athlete's performance and/or career;
- the extent of power imbalance between the athlete and coach or official; and the likelihood of the relationship having an adverse impact on the athlete and/or other athletes.

It will often be difficult for a coach or official involved in an intimate relationship with an adult athlete to make an objective assessment of its appropriateness and accordingly they are encouraged to seek advice from Member Protection Information Officer to ensure that they have not involved themselves in inappropriate or unprofessional conduct.

If it is determined that an intimate relationship between a coach or official and an adult athlete is inappropriate or unprofessional we may take disciplinary action against the coach or official up to and including dismissal. Action may also be taken to stop the coaching relationship with the athlete. This could include a transfer, a request for resignation or dismissal from coaching duties.

If a coach, official or athlete believes they are being, or have been, harassed they are encouraged to seek information and support from Member Protection Information Officer. Our complaints procedure is outlined in Part D of this policy.

## **6.5 Pregnancy**

Woodville Hockey Club is committed to treating pregnant women fairly and to removing any unreasonable barriers to their full participation in our sport. We will not tolerate any discrimination or harassment against pregnant women.

Woodville Hockey Club will take reasonable care to ensure the continuing safety, health and wellbeing of pregnant women. We will advise pregnant women that there may be risks involved with their continuing participation in sport, and we will encourage them to obtain medical advice about those risks. Pregnant women should be aware that their own health and wellbeing, and that of their unborn child, is of utmost importance in their decision-making about the extent they choose to participate in our sport.

We encourage all pregnant women to talk with their medical advisers, make themselves aware of the facts about pregnancy in sport and ensure that they make informed decisions about their participation in our sport. Pregnant women should make these decisions themselves, in consultation with their medical advisers and in discussion with Woodville Hockey Club.

We will only require pregnant women to sign a disclaimer in relation to their participation in our sport whilst they are pregnant if all other participants are required to sign one in similar circumstances. We will not require women to undertake a pregnancy test.

If a pregnant woman believes she is being, or has been, harassed or discriminated against by another person or organisation bound by this Policy, she may make a complaint. (Refer to the attachments in Part D of this policy.)

## **6.6 Gender identity**

Gender identity means the gender-related identity, appearance or mannerisms or other gender-related characteristics of a person. This includes the way people express or present their gender and recognises that a person's gender identity may be an identity other than male or female. Some terms used to describe a person's gender identity include Trans, transgender and gender diverse.

### **6.6.1 Gender identity discrimination and harassment**

Federal, state and territory anti-discrimination laws provide protection from discrimination against people on the basis of their gender identity. (See definition in Dictionary of terms).

Woodville Hockey Club is committed to providing a safe, fair and inclusive sporting environment all where people can contribute and participate. We will not tolerate any unlawful discrimination or harassment of a person because of their gender identity.

All persons, regardless of gender identity, are entitled to be treated fairly and with dignity and respect at all times. We will not tolerate any unlawful discrimination or harassment of a person because of their gender identity. This includes discrimination or harassment of a person who is transgender or transsexual, who is assumed to be transgender or transsexual or has an association with someone who has or is assumed to be transgender or transsexual. (Refer to the attachments in Part D of this policy.)

We expect all people bound by this policy to act with sensitivity when a person is undergoing gender transition/affirmation.

If any person believes that they are being, or have been, harassed or discriminated against by another person or organisation bound by this policy because of their gender identity, they may make a complaint.

### **6.6.2 Participation in sport**

Woodville Hockey Club recognises that excluding people from participating in sporting events and activities because of their gender identity may have significant implications for their health, wellbeing and involvement in community life. We are committed to supporting participation in our sport on the basis of the gender with which a person identifies.

If issues of performance advantage arise, we will consider whether the established discrimination exceptions for participation in sport are relevant in the circumstances. Discrimination is unlawful unless an exception applies.

### **6.6.3. Intersex status**

Federal anti-discrimination law, and some state and territory anti-discrimination laws, provide protection from discrimination against a person on the basis of their intersex status. (See Dictionary of terms).

Woodville Hockey Club is committed to providing a safe, fair and inclusive sporting environment where all people can contribute and participate. We will not tolerate any unlawful discrimination or harassment of a person because of their intersex status.

## **6.7 Responsible service and consumption of alcohol**

Woodville Hockey Club is committed to conducting sporting and social events in a manner that promotes the responsible service and consumption of alcohol. We also recommend that state associations and member clubs follow strict guidelines regarding the service and consumption of alcohol.

In general, our policy is that:

- alcohol should not be available or consumed at sporting events involving children and young people under the age of 18;
- alcohol-free social events be provided for young people and families;
- food and low-alcohol and non-alcoholic drinks be available at events we hold or endorse where alcohol is served;
- a staff member is present at events we hold or endorse where alcohol is served to ensure appropriate practices in respect of the consumption of alcohol are followed;
- safe transport options be promoted as part of any event we hold or endorse where alcohol is served.

## **6.8 Smoke-free environment**

Woodville Hockey Club is committed to providing a safe and healthy environment at all sporting and social events that we hold or endorse.

In general, our policy is that:

- No smoking shall occur at or near sporting events involving children and young people under the age of 18. This policy shall apply to coaches, players, trainers, officials and volunteers;
- social events shall be smoke-free, with smoking permitted at designated outdoor smoking areas; and
- coaches, officials, trainers, volunteers and players will refrain from smoking while they are involved in an official capacity in our sport, both on and off the field.

## **6.9 Bullying**

Woodville Hockey Club is committed to providing an environment that is free from bullying. We understand that bullying has the potential to result in significant negative consequences for an individual's health and wellbeing, and we regard bullying in all forms as unacceptable in our sport.

Bullying is characterised by repeated, unreasonable behaviour directed at a person, or group of persons, that creates a risk to health and safety. Bullying behaviour is that which a reasonable person in the circumstances would expect to victimise, humiliate, undermine, threaten, degrade, offend or intimidate a person. Bullying behaviour can include actions of an individual or a group.

Whilst generally characterised by repeated behaviours, one-off instances can amount to bullying.

The following types of behaviour, where repeated or occurring as part of a pattern of behaviour, would be considered bullying:

- verbal abuse including shouting, swearing, teasing, making belittling remarks or persistent unjustified criticism;
- excluding or isolating a group or person;
- spreading malicious rumours; or
- psychological harassment such as intimidation.

Bullying includes cyber-bullying which occurs through the use of technology. New technologies and communication tools, such as smart phones and social networking websites, have greatly increased the potential for people to be bullied through unwanted and inappropriate comments. Woodville Hockey Club will not tolerate abusive, discriminatory, intimidating or offensive statements being made online. Frustration at a referee, teammate, coach or sporting body should never be communicated on social networking websites. These issues should instead be addressed – in a written or verbal statement or a complaint – to the relevant controlling club, league or peak sporting body.

If any person believes they are being, or have been, bullied by another person or organisation bound by this policy, he or she may make a complaint. (Refer to the attachments in Part D of this policy.)

## **6.10 Social networking**

Woodville Hockey Club acknowledges the enormous value of social networking to promote our sport and celebrate the achievements and success of the people involved in our sport.

Social networking refers to any interactive website or technology that enables people to communicate and/or share content via the internet. This includes social networking websites such as Facebook and Twitter.

We expect all people bound by this policy to conduct themselves appropriately when using social networking sites to share information related to our sport.

In particular, social media activity including, but not limited to, postings, blogs, status updates, and tweets:

- must not contain material which is, or has the potential to be, offensive, aggressive, defamatory, threatening, discriminatory, obscene, profane, harassing, embarrassing, intimidating, sexually explicit, bullying, hateful, racist, sexist or otherwise inappropriate;

- must not contain material which is inaccurate, misleading or fraudulent;
- must not contain material which is in breach of laws, court orders, undertakings or contracts;
- should respect and maintain the privacy of others; and
- should promote the sport in a positive way.

## **7. Complaints procedures**

### **7.1 Handling complaints**

Woodville Hockey Club aims to provide a simple, confidential and trustworthy procedure for resolving complaints based on the principles of procedural fairness.

Any person (a complainant) may report a complaint about a person, people or organisation bound by this policy (respondent) if they feel they have been discriminated against, harassed, bullied or there has been any other breach of this policy.

In the first instance, complaints should be reported to the President or Complaint Handler.

If a complaint relates to behaviour or an incident that occurred at the:

- state level, or involves people operating at the state level, then the complaint should be reported to and handled by the relevant state association in the first instance
- club level, or involves people operating at the club level, then the complaint should be reported to and handled by the relevant club in the first instance.

Only matters that relate to, or which occurred at, the national level, as well as serious cases referred from the state and club level, should be dealt with by the national body.

A complaint may be handled informally or formally. The complainant may indicate his or her preferred option and the President or Complaint Handler should consider whether that is an appropriate way to handle the particular complaint. For example, the law may require that the complaint/allegation be reported to an appropriate authority.

All complaints will be dealt with promptly, seriously, sensitively and confidentially. Our procedures for handling and resolving complaints are outlined in Attachment D1.

Individuals and organisations may also seek to have their complaint handled by an external agency under anti-discrimination, child protection, criminal or other relevant legislation.

### **7.2 Improper complaints and victimisation**

Woodville Hockey Club aims to ensure that our complaints procedure has integrity and is free of unfair repercussions or victimisation against any person making a complaint.

We will take all necessary steps to make sure that people involved in a complaint are not victimised. Disciplinary measures may be undertaken in respect of a person who harasses or victimises another person for making a complaint or supporting another person's complaint.

If at any point in the complaint handling process the President or Complaint Handler considers that a complainant has knowingly made an untrue complaint, or the complaint is malicious or inappropriately intended to cause distress to the respondent, the matter may be referred in writing to the committee for review and appropriate action, including possible disciplinary action against the complainant.

### **7.3 Mediation**

Woodville Hockey Club aims to resolve complaints quickly and fairly. Complaints may be resolved by agreement between the people involved with no need for disciplinary action.

Mediation is a confidential process that allows those involved in a complaint to discuss the issues or incident in question and come up with mutually agreed solutions. It may occur before or after the investigation of a complaint.

If a complainant wishes to resolve the complaint with the help of a mediator, the President or Complaint Handler will, in consultation with the complainant, arrange for an independent mediator where possible.

More information on the mediation process is outlined in Attachment [D2].

## 9.2 Factors to consider

- the nature and seriousness of the breach

- the person's level of contrition
- the effect of the proposed disciplinary measures on the person, including any personal, professional or financial consequences
- if there have been any relevant prior warnings or disciplinary action
- the ability to enforce disciplinary measures if the person is a parent or spectator (even if they are bound by the policy)
- any other mitigating circumstances.

## 10. Dictionary of terms

- excluding people on the basis of their 'excluding people on the basis of their sex and/or gender identity status from participation in a competitive sporting activity where the strength, stamina or physique of competitors is relevant to the specific activity (note that this does not apply to activity by children who are under the age of 12 years); and

## **Attachment C2: RELEVANT HISTORY ASSESSMENTS**

---

Assessments for working with children support a child-safe environment and assist to protect children and young people involved in our sport from physical and sexual harm.

They assess the suitability of people to work with children and young people and can involve:

- criminal history checks;
- signed declarations;
- referee checks; and
- other relevant background checks to assess a person’s suitability to work with children and young people.

Woodville Hockey Club requires all persons who are engaged in a “prescribed position” to undergo a relevant history assessment according to the South Australian *Children’s Protection Act 1993*. This assessment must be completed every three (3) years or once the criminal history information (e.g. police check) used to conduct the assessment is more than 3 years old.

A person performs a prescribed position if they:

- have regular contact with children and are not directly supervised at all times
- work in close proximity to children on a regular basis and are not directly supervised at all times
- supervise or manage persons who:
  - i. have regular contact with children
  - ii. work in close proximity to children on a regular basis
  - iii. have access to prescribed records relating to children (i.e. in connection with child protection services, education services, health services, disability services and court orders and proceedings)
  - iv. undertake functions of a type prescribed by regulation (currently overnight care).

### **Conducting relevant history assessments**

1. A relevant history assessment may be an assessment of a current (less than 3 years) National Police Record Check conducted by a nominated responsible person within the organisation.

[www.police.sa.gov.au/services-and-events/apply-for-a-police-record-check](http://www.police.sa.gov.au/services-and-events/apply-for-a-police-record-check)

The organisation may conduct its own assessment of a person’s relevant history on the basis of:

- the person’s criminal history (if any) as recorded on the persons national police check,
- any information provided by the person for the purpose of the assessment
- the [Child Safe Environments: Standards for dealing with information obtained about a person’s criminal history as part of a relevant history assessment.](#)

In the majority of cases, a person will have no criminal history. In these cases, the assessment is successfully completed. This outcome should be documented and no further action in respect to an assessment is required.

2. Alternatively the organisation may request or can accept a current (less than 3 years) Child related employment screening conducted by the Department for Communities and Social Inclusion (DCSI) Screening Unit.

A relevant history assessment conducted by the DCSI Screening Unit incorporates a broader range of information than an assessment conducted by an organisation alone.

<http://www.dcsi.sa.gov.au/services/screening>

3. Organisations may accept the following forms of evidence to assess whether a person may pose a risk to the safety of children if appointed to or engaged to act in a child-related position, provided the information was obtained within the last three years:
  - A National Police Certificate that does not expressly state that it cannot be used as a clearance to work with children
  - A certificate of clearance from the DCSI Screening Unit or a valid registration document from the Teachers Registration Board
  - A current interstate working with children check.

Organisations will need to decide whether it will accept these types of evidence and communicate the decision to all members of the organisation.

All assessments must be conducted and managed according to the Standards published by the Department for Education and Child Development (DECD) [Child safe environments: Standards for dealing with information obtained about a person's criminal history as part of a relevant history assessment](#)

## **Attachment D1: COMPLAINTS PROCEDURE**

---

**NOTE - Serious incidents, such as assault or sexual assault, should be reported to the police.**

Woodville Hockey Club is committed to supporting people associated with our sport to make and resolve any complaints they may have in a fair, timely and effective way.

**We will endeavour to deal with complaints on a confidential basis.** We will not provide information about the complaint to another person without the complainant's consent, except if the law requires us disclose this information or it is necessary to properly deal with the complaint. To ensure fairness for everyone involved, we will provide the full details of the complaint to the person or people against whom the complaint has been made and ask for their response. As a result, it may be difficult for us to resolve complaints made anonymously.

We will provide **informal and formal procedures** to deal with complaints. Individuals and organisations can also make **complaints to external organisations** under anti-discrimination, child protection and other relevant laws.

### **Informal approaches**

**Step 1: Talk with the other person** (if safe, reasonable and appropriate)

If you feel confident and comfortable to do so, you can approach the other person to discuss the issues and try and resolve the problem directly.

### **Step 2: Contact a club official**

We encourage you to talk with one of the President or Complaint Handler if:

- step 1 (above) is not appropriate;
- you are not sure how to handle the problem by yourself;
- you want to talk confidentially with someone and find out what options are available to address your concern; or
- the concern continues after you approached the other person.

The names and contact details for the President or Complaint Handler [\[insert website\]](#)

The President or Complaint Handler will:

- ask how you would like your concern to be resolved and if you need support;
- seek to provide different options for you to address your concern;
- act as a support person, if you wish;
- refer you to an appropriate person (e.g. a mediator) to help you address your concern, if appropriate;
- inform the relevant government authorities and/or police, if required by law to do so;
- where possible and appropriate, maintain confidentiality.

### **Step 3: Decide how to address your concern**

After talking with the President or Complaint Handler, you may decide:

- there is no problem;
- the problem is minor and you do not wish to take the matter forward;
- to try and resolve the problem yourself, with or without a support person;
- to resolve the problem with the help of someone impartial, such as a mediator; or
- to resolve the matter through a formal process.

## Formal approaches

### Step 4: Making a formal complaint

If it is not possible or appropriate to resolve your complaint through an informal process, you may:

- make a formal complaint in writing to the Woodville Hockey Club Committee or
- approach a relevant external agency, such as an anti-discrimination or equal opportunity commission, for advice and assistance.

After receiving a formal complaint, and based on the material you provide, the committee will decide whether:

- they are the most appropriate people to receive and handle the complaint;
- the nature and seriousness of the complaint requires a formal resolution procedure;
- to refer the complaint to **mediation**;
- to contact the Hockey South Australia MPIO for advice;
- to refer the complaint to the Hockey South Australia CEO (or refer to Hockey South Australia Grievance procedure in Hockey South Australia Member Protection Policy);
- Hockey South Australia may choose to engage **The State Sport Dispute Centre** to provide an independent mediation or a tribunal hearing. (Hockey South Australia to determine who will cover the cost of this);
- to refer the matter to the **police or other appropriate authority**; and/or
- to implement any interim arrangements that will apply until the complaint process is completed.

In dealing with your formal complaint, the committee will take into account:

- whether he or she has had any personal involvement in the circumstances and if so, whether it is appropriate someone else should handle the complaint;
- your wishes, and the wishes of the respondent, regarding how the complaint should be handled;
- the relationship between you and the respondent (e.g. an actual or perceived power imbalance between you and the respondent);
- whether the facts of the complaint are in dispute; and
- the urgency of the complaint, including the possibility that you might face further unacceptable behaviour while the complaint process is underway.

If the committee are the appropriate people to handle the complaint, they will, where appropriate and/or necessary:

- provide the information received from you to the other person(s) involved and ask for a response;
- decide if there is enough information to determine whether the matter alleged in your complaint did or did not occur; and/or
- determine what, if any, further action to take, including referring the matter for investigation or disciplinary action in accordance with this policy.

### Step 5: Investigating the complaint

In some cases, an investigation may be required to determine the facts surrounding the complaint. Our investigations procedure is outlined later in this document.

Following the investigation, a written report will be provided to *the* committee.

- If the complaint is referred to **mediation**, we will follow the steps outlined in this document or as agreed by you, the respondent and the mediator;
- If the complaint is referred to the **police or another external agency**, we will endeavour to provide all reasonable assistance required by the police or the agency.

*Any costs incurred by us relating to the complaint process set out in this policy (e.g. investigation, mediation and/or a tribunal hearing) are to be met by Woodville Hockey Club or Hockey South Australia.*

**Step 6: Reconsidering a complaint or appealing a decision**

If the matter is referred to mediation and is not resolved at mediation, you may request that the President or Complaint Handler reconsider the complaint in accordance with Step 3.

**Step 7: Documenting the resolution**

The President or Complaint Handler will record the complaint, the steps taken to resolve it and the outcome. This information will be stored in a confidential and secure place. If the complaint was dealt with at the state/district level, the information will be stored by the state association. If the matter is of a serious nature, or if it was dealt with at the national level, the information will be stored by Hockey Australia and a copy stored by the state association.

**Approaching external organisations**

If you feel that you have been harassed or discriminated against, you can seek advice from the Equal Opportunity Commission. There is no obligation to make a formal complaint. However, if the commission advises you that the issues appear to be within its jurisdiction, you may choose to lodge a formal complaint with the commission.

The commission may investigate your complaint. The commission may also attempt to conciliate the complaint on a confidential basis. If this fails, or if it is not appropriate, the complaint may go to a formal hearing. The tribunal will make a finding and decide what action, if any, will be taken.

If you do lodge a complaint with the commission, an appropriate person from Hockey South Australia (e.g. an MPIO) will be available to support you during the process. You may also wish to have a legal representation, particularly if the complaint goes to a formal hearing.

**The Equal Opportunity Commission** can be contacted online at [www.eoc.sa.gov.au/](http://www.eoc.sa.gov.au/) or phone 08 8207 1977

## **MEDIATION**

---

Mediation is a process that seeks to resolve complaints with the assistance of an impartial person – the mediator.

The mediator does not decide who is right or wrong and does not tell either side what they must do. Instead, he or she helps those involved to discuss the issues and seeks to facilitate a mutually agreeable solution.

Our approach to mediation follows the steps set out below:

- The President will appoint an appropriate mediator to help resolve the complaint. This will be done under the direction of Woodville Hockey Club and in consultation with the complainant and the respondent(s). The mediator will be an independent person in the context of the complaint, however this does not preclude a person with an association with Hockey South Australia acting as mediator;
- The mediator will talk with the complainant and respondent(s) about how the mediation will take place and who will participate. At a minimum, the mediator will prepare an agenda of issues to be discussed;
- All issues raised during mediation will be treated confidentially. We also respect the rights of the complainant and the respondent(s) to pursue an alternative process if the complaint is not resolved;
- If the complaint is resolved by mediation, where appropriate the mediator may seek to ensure the parties execute a document that sets out the agreement that has been reached. This agreement will be signed by the complainant and the respondent(s). We expect the parties involved to respect and comply with the terms of the agreement.

If the complaint is not resolved by mediation, the complainant may:

- write to President or Complaint Handler to request that the committee reconsider the complaint; and
- approach any relevant external agency, such as an anti-discrimination or equal opportunity commission, to resolve the matter.

We recognise that there are some situations where mediation may not be appropriate, including:

- when the people involved have completely different versions of the incident;
- when one or both parties are unwilling to attempt mediation;
- when there is a real or perceived power imbalance between the people involved;
- matters that involve serious allegations.

## **INVESTIGATION PROCESS**

---

There will be times when a complaint will need to be investigated and information gathered.

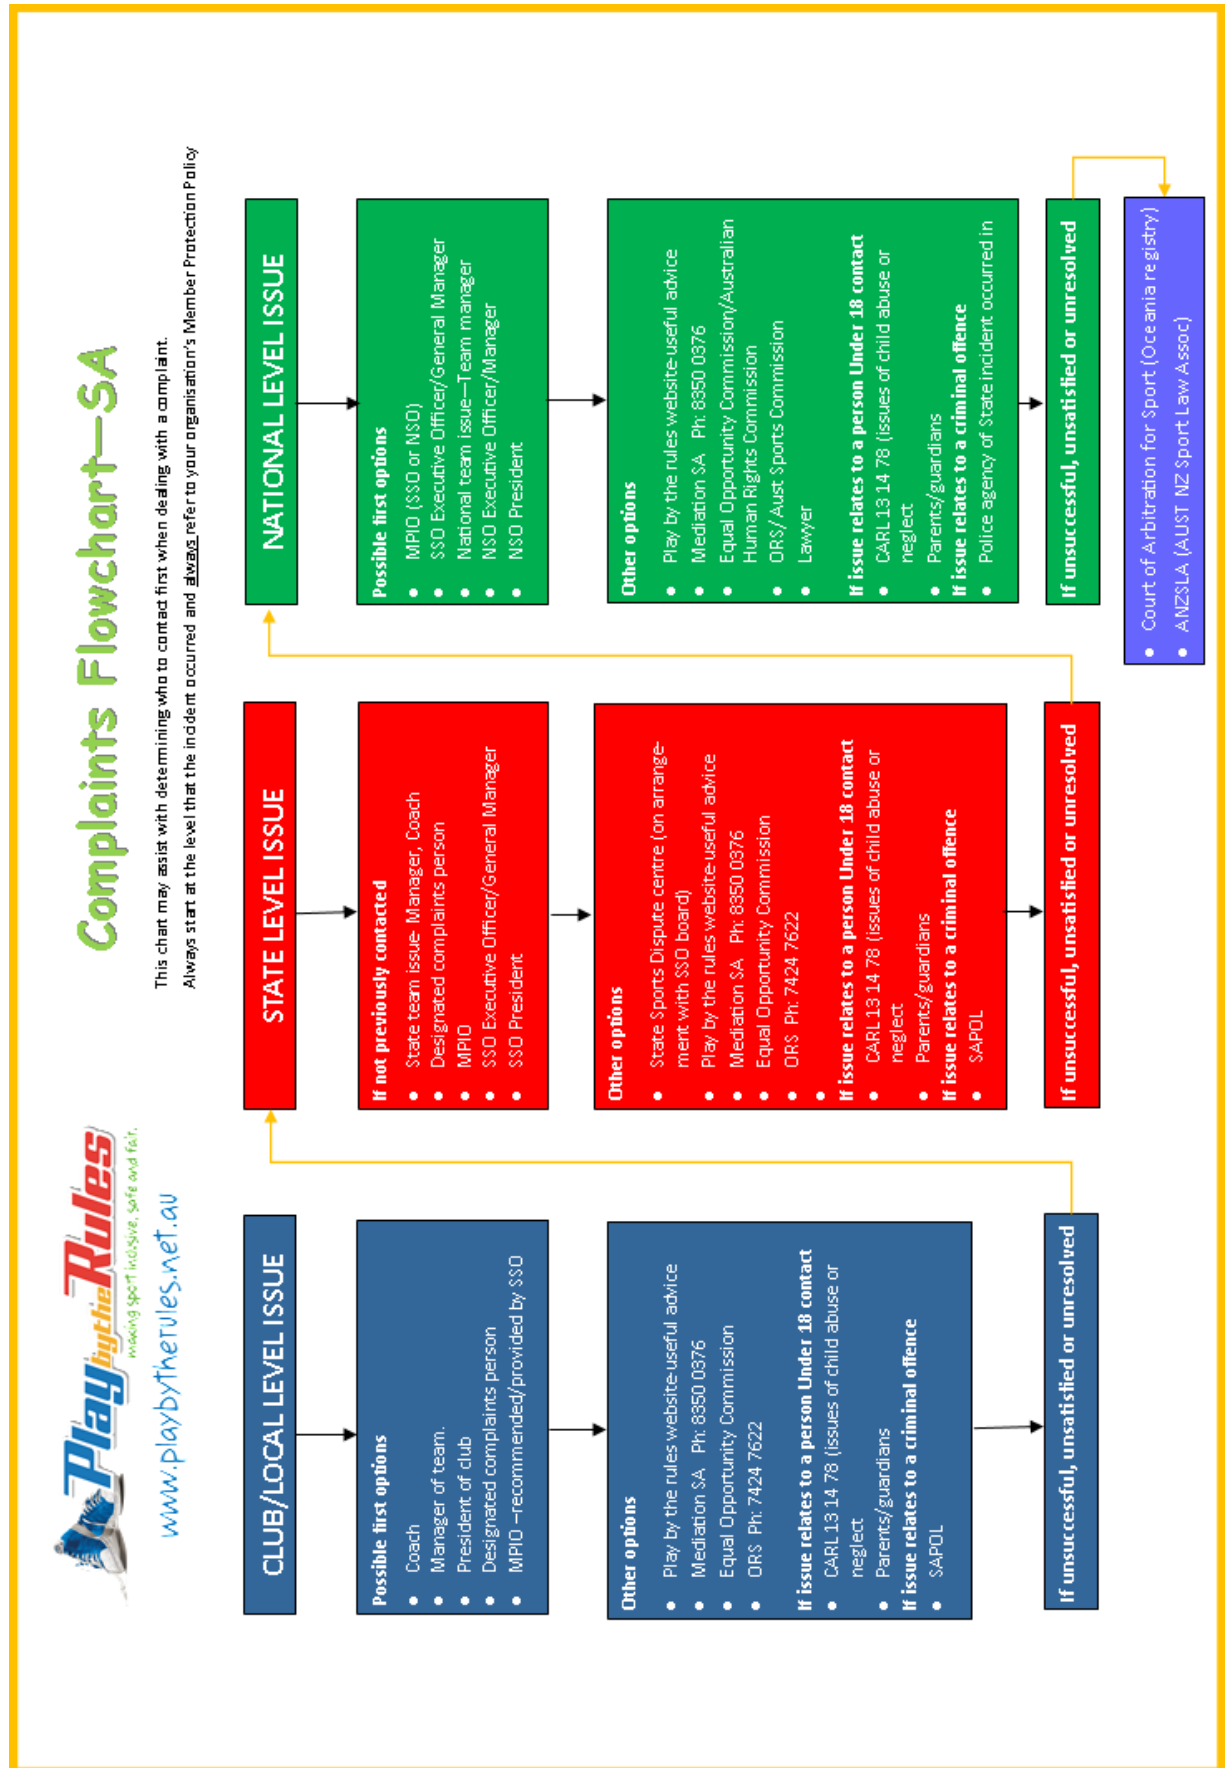

An investigation helps determine the facts relating to the incident, if requested, recommendations as to possible findings and next steps.

Any investigation we conduct will be fair to all people involved. The investigation process will be undertaken by an unbiased person.

If we decide that a complaint should be investigated, we will follow the steps outlined below.

1. We will provide a written brief to the investigator that sets out the terms of engagement and his or her roles and responsibilities.
2. The investigator may:
  - interview the complainant and record the interview in writing;
  - provide full details of the complaint to the respondent(s) so that they can respond
  - interview the respondent(s) to allow them to answer the complaint and record the interview in writing;
  - obtain statements from witnesses and collect other relevant evidence;
  - make a finding as to whether the complaint is:
    - **substantiated** (there is sufficient evidence to support the complaint)
    - **inconclusive** (there is insufficient evidence either way);
    - **unsubstantiated** (there is sufficient evidence to show that the complaint is unfounded);
    - **mischievous, vexatious or knowingly untrue.**
  - provide a report to [the committee] documenting the complaint, the investigation process, the evidence, and, if requested, any findings and recommendations.
3. We will provide a report to the complainant and the respondent(s) documenting the complaint, the investigation process and summarising key points from the investigation.
4. The complainant and the respondent(s) will be entitled to support throughout this process from their chosen support person or adviser (e.g. Hockey South Australia Member Protection Officer).

## Attachment E3: PROCEDURE FOR HANDLING ALLEGATIONS OF CHILD ABUSE

---

**If you believe a child is in immediate danger or a life-threatening situation, contact the Police immediately on 000.**

**Detailed guidelines for organisations for managing an allegation of child abuse in recreation and sport can be found at :**

[www.ors.sa.gov.au/\\_data/assets/pdf\\_file/0006/153564/child\\_abuse\\_allegations\\_guidelines\\_050115.pdf](http://www.ors.sa.gov.au/_data/assets/pdf_file/0006/153564/child_abuse_allegations_guidelines_050115.pdf)

We will treat any allegation of child abuse or neglect promptly, seriously and with a high degree of sensitivity.

All people working with Woodville Hockey Club in a paid or unpaid capacity have a duty to report any concerns to the appropriate authorities, following the steps outlined below.

### Step 1: Receive the allegation

If a child or young person raises with you an allegation of child abuse or neglect that relates to them or to another child, it is important that you listen, stay calm and be supportive.

Do	Don't
Make sure you are clear about what the child has told you	Do not challenge or undermine the child
Reassure the child that what has occurred is not his or her fault	Do not seek detailed information, ask leading questions or offer an opinion.
Explain that other people may need to be told in order to stop what is happening.	Do not discuss the details with any person other than those detailed in these procedures.
Promptly and accurately record the discussion in writing.	Do not contact the alleged offender.

### Step 2: Report the allegation

- Immediately report any allegation of child abuse or neglect, or any situation involving a child at risk of harm, to the police and/or the relevant child protection agency. You may need to make a report to both.
- Contact the relevant child protection agency or police for advice if there is **any** doubt about whether the allegation should be reported.
- If the allegation involves a person to whom this policy applies, then also report the allegation to the President or Complaint handler of Woodville Hockey Club so that he or she can manage the situation or refer it as may be required, to the CEO of Hockey SA.

### **Step 3: Protect the child and manage the situation**

#### **Serious allegations should always be referred to Hockey SA for advice and support**

- The President will assess the immediate risks to the child and take interim steps to ensure the child's safety and the safety of any other children. This may include redeploying the alleged offender to a position where there is no unsupervised contact with children, supervising the alleged offender or removing/suspending him or her until any investigations have been concluded.
- The President will consider what services may be most appropriate to support the child and his or her parent/s.
- The President will consider what support services may be appropriate for the alleged offender.
- The President will seek to put in place measures to protect the child and the alleged offender from possible victimisation and gossip.

### **Step 4: Take internal action**

- At least three different investigations could be undertaken to examine allegations that are made against a person to whom this policy applies, including:
  - a criminal investigation (conducted by the police)
  - a child protection investigation (conducted by the relevant child protection agency)
  - a disciplinary or misconduct inquiry/investigation (conducted by Hockey SA).
- Hockey SA will assess the allegations and determine what action should be taken in the circumstances. Depending on the situation, action may include considering whether the alleged offender should return to his or her position, be dismissed, banned or suspended or face other disciplinary action.
- If disciplinary action is undertaken, we will follow the procedures set out in Clause 9 of this Member Protection Policy.
- Where required we will provide the relevant government agency with a report of any disciplinary action we take.

**Attachment E4:**  
**REPORTING CHILD ABUSE AND NEGLECT**

Under the *Children's Protection Act 1993* mandated notifiers are required by law to notify the Families SA Child Abuse Report Line **13 1478**, if they suspect on reasonable grounds that a child/young person has been abused or neglected and the suspicion is formed in the course of the person's work (whether paid or voluntary) or in carrying out official duties:

Mandated notifiers are any person who is an employee of, or volunteer in, a government or non-government organisation that provides health, welfare, education, sporting or recreational, child care or residential services wholly or partly for children.

These people:

- a) Are engaged in the actual delivery of those services to children; or
- b) Hold a management position in the relevant organisation the duties of which include direct responsibility for, or direct supervision of, the provision of those services to children.

It is also an offence to prevent a person from discharging the obligation of mandatory reporting through threat, intimidation or unfavourable treatment.

NB: There is no legal requirement for a mandatory reporter to be trained. Rather, everyone in the above roles have a responsibility to report.

Woodville Hockey Club supports that all people engaged in activities associated with Woodville Hockey Club have a moral obligation to report any suspicion of child abuse or neglect.
