

Resigning from Kallangur Memorial Bowls Club Inc

Should you wish to resign from Kallangur Memorial Bowls Club, you are required to submit your resignation in writing to your club secretary and you should receive an acknowledgement of your resignation. Please be aware that if you do not resign in writing and the club pays your fees on your behalf to Bowls Queensland, Bowls Australia and the district, you could be classed as a defaulter - this means you would not be eligible to play bowls at any affiliated club in Queensland. Resignation forms are available from the club.

Joining another bowls club in Queensland

Should you wish to join another bowls club in Queensland, even if you are remaining a member of Kallangur Memorial Bowls club, you will require an inter club clearance (which is only valid for three months). **You are not eligible to transfer into another club without an inter club clearance.** This will provide the following information:

- The name of the club you will be joining (or it can be an open clearance if you are not sure of the new club)
- your Bowls Queensland membership number
- your full name
- the date you have completed your financial obligations to the current club
- whether you will be remaining a member of the current club
- if you are an accredited umpire, giving all your details
- if you are an accredited coach, giving all your details
- if you are under order of suspension or expulsion

This is to ensure that the club you are joining has all the relevant information.

Please be advised that the issuing of an inter club clearance is not a resignation; you still have to resign in writing if you are leaving Kallangur Memorial Bowls Club.

Joining a bowls club Interstate

Should you wish to join a club interstate, a Bowls Queensland inter club clearance is not valid. Please ask the club's Secretary to complete a Bowls Queensland Application for Interstate Clearance. This form will be forwarded to Bowls Queensland for action and the interstate clearance will be forwarded to the relevant state body.
