Life Membership Policy

1) Preamble

The object of Life Membership is to publicly recognise the outstanding service or contribution of a player, volunteer, employee or benefactor. Life Membership is a significant honour conferred only in exceptional circumstances and one that recognises effort, loyalty and contribution to the club. It should retain its prestige and not be awarded easily. On average, one or less Life Memberships are likely to be awarded each year.

2) Eligibility

Any current club member can be nominated for Life Membership by another current club member, with the nomination seconded by another other club member. Criteria is provided for guidance but it is the overall contribution of the nominee that must be evaluated.

3) Criteria

Life Membership should not be considered as a competitive matter and nominees must be considered individually on their personal attributes and achievements and not in comparison to other Life Members, nominees or persons not nominated. Criteria for the granting of Life Membership should take into account both quality of service and length of service.

- a) Candidates must satisfy the following criterion while having been an active member of the Club for a significant time (this time can be accumulative);
- b) The nominator should be able to demonstrate a significant contribution by the nominee to the running of the club over a majority of those years of membership.
- c) Have made a sustained and significant contribution to the club;
- d) To have contributed to the club to the degree necessary for Life Membership, a nominee will necessarily have been an active member for a significant time. While there is no 'minimum' period of membership, a period of 10 years' active membership is an indicator of a long term commitment.
- e) It should be noted that achieving the minimum duration of membership will not in any way automatically guarantee the award of Life Membership.
- f) The contribution(s) made to the club may be made in any realms of playing, umpiring, scoring and administration or any combinations of those fields.
- g) Required substantial and commendable personal input;
- h) Through their activities, have significantly progressed the club's development;
- i) It has been conspicuous, seen by the members in its execution or seen by the members as an enduring legacy;
- j) Results in the organization and sport being substantially, demonstrably and positively changed by that contribution;
- k) Contributes positively to the reputation and standing of the organisation and the sport
- l) The nominee must be of good character and not deemed to have brought the game of Baseball or the club into disrepute by inappropriate behaviour either on or off the field.

- j) If a vote against a nomination is based on such grounds, the vote will be treated as informal and will not be counted.
- k) Unanimous approval of all formal votes returned by Committee members is preferred, but not essential for the nomination to be recommended to the Annual General Meeting for confirmation.
- l) If formal votes are received which object to the nomination, an urgent special meeting of the Committee will be called to discuss the objection/s.
- m) If the Committee meets to discuss an objection to a nomination, and unanimous support for the nomination cannot be reached, the objection shall be moved and put to the vote of members present at the meeting. If a majority of two thirds or more of those present vote against the objection then the objection shall be dismissed and Life Membership recommended to the Annual General Meeting.
- n) Any recommendation for the award of Life Membership will be moved at the Annual General Meeting. As any recommendation would carry the support of the Committee, a simple majority of those present is sufficient to approve the recommendation.
