

Subscription Types and adding members

Choose your membership subscription type carefully as this affects the number and type of members you can add (junior, senior, parents etc) during the registration process.

Please read the instructions carefully and check which member you are being asked to add next. For junior memberships you will be asked to register the parent member first. If you are adding a junior member you will only have junior age groups available to select from a drop down box.

All Junior children (U14) must have a registered parent/ guardian. If you choose a junior membership with one or two parents these are added at no charge. If the parent is a qualified Lifeguard and wants to be an active senior member this season, please choose a Mixed Jun/Sen membership.

Age Groups for the 2020/21 Season

When selecting the age group of your child, or any senior member this is to be calculated **as at midnight 30/9/20**. They do not move groups during the season. Proof of age will be required to be presented at the beginning of the season or can be brought to one of our info nights. Once presented registration will be fully approved.

Email Communication

To ensure relevant communication / information reaches you this season we ask that a monitored email is used. For all junior members (U14) please use the parent/guardian's email, as our mailing lists are sorted by age group.

The mailing list question will default to "yes" to ensure Club emails are sent to you. Law requires us to give you an option of "No" but please note you will not receive information from the club which could relate to you/your family.

Our mailing system enables us to remove duplicates so even though you may have signed up multiple family members with the same email address you should not receive multiple emails with the same information.

Payment:

Payment for registrations may only be done via credit/debit card.

Error messages:

If you do not complete each step you will not be able to complete registration. An error note will be displayed if a mistake is made or information omitted, and this must be corrected before you can continue. You may need to scroll back to the top of the page to see this. Compulsory fields are highlighted with a red asterisk.

If you encounter issues in the registration process, please do not panic. Often if you slow down and read the instructions for each step carefully, you will be able to solve the issue yourself.

If not, please email admin@mairangibayslsc.org.nz explaining your issue and we will respond as soon as we can (please do not try call club officials).
