News from the Men's Club.

The 2019 Men's Major Singles Championship was won by Herb Brenner who defeated Geoff Hamilton 31 / 29. Herbie got away to a strong start and led 21 / 9 before Hamo staged a comeback and took the lead 27 / 23. Herbie got his game back on track and it was game on. The scores fluctuated until it was 29 all. Herbie trailed the jack with the last bowl to collect 2 shots and the championship. Congratulations to Herb and Hamo on a great Final.

The club entered a side in the Cyril South Competition at Killara Bowling club. Turramurra defeated Killara 73 – 38 then Warrawee in the semi final 73 – 53. In the final Turramurra defeated Lindfield 68 – 62 after being down by 15 shots at the halfway mark to take out the tournament. A great comeback by the side. Another trophy for the cabinet.

2019 Pennant Competition

With 3 rounds of Pennants remaining we find Grade 4 in 3rd position, too far behind the leaders. Unfortunately Grade 5 have had a difficult time and are running last and Grade 7 are 3rd but out of the running for the title.

Congratulations to Herb Brenner on his selection in the Zone 9 Seniors Side

2019 Club Triples Competition

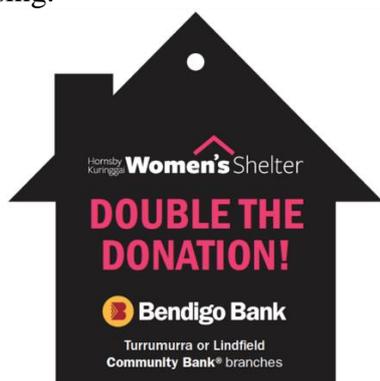

The nomination sheet for this year's Triples is on the notice board. Nominations close on 22nd May and the 1st round is the 1st June.

PRESIDENT'S BOWLS REPORT FOR LADIES.

Pennants is now over with our Under 5,s team finishing equal Runners Up. Well done ladies. We need you all to keep challenging yourself at bowls by attending Thursday coaching/short games and playing in as many carnivals as possible, your bowls will keep improving.

The Turramurra Trophy is once again on Monday the 6th May, I urge you all to get your baking trays out to make cakes, jams and slices.

We will continue with a special morning tea on the day of our Annual General Meeting on 14th May. This year we will be raising much needed funds for the Hornsby Ku-ring-gai Women's Refuge. We will be doing this in conjunction with the Turramurra Community Bank which will match dollar for dollar for all our fundraising.

Creating a better future for women in crisis.

It's no secret that the Turrumurra and Lindfield Community Bank branches are huge fans of the work being done at Hornsby Ku-ring-gai Women's Shelter.

The Shelter provides temporary supported accommodation for women in times of crisis such as homelessness and / or domestic violence. For a woman to get out of the situation she faces, she needs a range of support services, not just help finding affordable housing. These include access to counselling, healthcare, assistance to navigate government bureaucracy, legal help, further education and employment to re-establish control over her life.

Currently HKWS utilise a rented property to provide this service, but with a strong fundraising push, we are hoping to help them to purchase their own property, which will provide more women access to the service.

Where will the money raised go?

The money raised from this initiative will go towards the greater goal of purchasing a property for HKWS to call home. No more costly rental properties!

When we heard about the plight of the HKWS, we knew we needed to use our resources to pitch in and help make the dream of owning their own home a reality.

The Turrumurra and Lindfield Community Bank branches will **DOUBLE YOUR DONATION!**

Make a tax-deductible donation to the Hornsby Ku-ring-gai Women's Shelter at either of the Turrumurra or Lindfield Community Bank branches, or online by 31st May 2019 – and we will **DOUBLE YOUR DONATION (up to \$20,000).**

That means... if the community collectively raise \$20,000 for the Hornsby Ku-ring-gai Women's Shelter, then the Turrumurra and Lindfield Community Bank branches will match it by donating \$20,000. **That's \$40,000 towards capital funds for the purchase of a new property for the HKWS.**

This needs no explanation - and is a fun read, no matter your gender.

Men Are Just Happier People!

What do you expect from such simple creatures? Your last name stays put. The garage is all yours. Wedding plans take care of themselves. Chocolate is just another snack. You can never be pregnant. You can wear a white T-shirt to a water park. You can wear NO shirt to a water park.

Car mechanics tell you the truth. The world is your urinal. You never have to drive to another gas station restroom because this one is just too icky. You don't have to stop and think of which way to turn a nut on a bolt. Wrinkles add character. Wedding dress - \$5,000. Tux rental - \$100. People never stare at your chest when you're talking to them. New shoes don't cut, blister, or mangle your feet. One mood all the time. Phone conversations are over in 30 seconds flat. You know stuff about tanks.

A five-day vacation requires only one suitcase. You can open all your own jars. You get extra credit for the slightest act of thoughtfulness. If someone forgets to invite you, he or she can still be your friend. Your underwear is \$8.95 for a three-pack. Two pairs of shoes are more than enough. You almost never have strap problems in public. You are unable to see wrinkles in your clothes. Everything on your face stays its original colour. The same hairstyle lasts for years, maybe decades. You only have to shave your face and neck.

You can play with toys all your life. One wallet and one pair of shoes - one colour for all seasons. You can wear shorts no matter how your legs look. You can 'do' your nails with a pocket knife. You have freedom of choice concerning growing a moustache... You can do Christmas shopping for 25 relatives on December 24 in 25 minutes.

No wonder men are happier!

My grandma talking to my mom about her new hearing aid, "it's the most expensive one you can buy, it cost me \$4,000"

My mom: "What kind is it"

My grandma: "it's 4:15pm"

Wife texts husband on a cold winter morning:

"Windows frozen, won't open."

Husband texts back: "Gently pour some lukewarm water over it and then gently tap edges with hammer."

Wife texts back 10 minutes later: "Computer really messed up now."

Him? No, he doesn't want a cookie. He says I can have two.

Stay with this -- the answer is at the end. It may blow you away. One evening a grandson was talking to his grandfather about current events. The grandson asked his grandfather what he thought about the shootings at schools, the computer age, and just things in general..

The Grandfather replied, "Well, let me think a minute, I was born before:

- 🕒 television
- 🕒 penicillin
- 🕒 polio shots
- 🕒 frozen foods
- 🕒 Xerox
- 🕒 contact lenses
- 🕒 Frisbees and
- 🕒 the pill

There were no:

- 🕒 credit cards
- 🕒 laser beams or
- 🕒 ball-point pens

Man had not invented :

- 🕒 pantyhose
- 🕒 air conditioners
- 🕒 dishwashers
- 🕒 clothes dryers
- 🕒 and the clothes were hung out to dry in the fresh air and

- 🕒 space travel was only in Flash Gordon books.

Your Grandmother and I got married first,... and then lived together.. Every family had a father and a mother. Until I was 25, I called every woman older than me, "mam". And after I turned 25, I still called policemen and every man with a title, "Sir." We were before gay-rights, computer-dating, dual careers, day-care centres, and group therapy. Our lives were governed by the Bible, good judgment, and common sense. We were taught to know the difference between right and wrong and to stand up and take responsibility for our actions. Serving your country was a privilege; living in this country was a bigger privilege... We thought fast food was eating half a biscuit while running to catch the school bus. Having a meaningful relationship meant getting along with your cousins. Draft dodgers were those who closed front doors as the evening breeze started. Time-sharing meant time the family spent together in the evenings and weekends-not purchasing condominiums.

We never heard of FM radios, tape decks, CDs, electric typewriters, yogurt, or guys wearing earrings. We listened to Big Bands, Jack Benny, and the President's speeches on our radios. And I don't ever remember any kid blowing his brains out listening to Tommy Dorsey. If you saw anything with 'Made in Japan ' on it, it was junk the term 'making out' referred to how you did on your school exam.... Pizza Hut, McDonald's, and instant coffee were unheard of. We had 5 &10-cent stores where you could actually buy things for 5 and 10 cents. Ice-cream cones, phone calls, rides on a streetcar, and a Pepsi were all a nickel. And if you didn't want to splurge, you could spend your nickel on enough stamps to mail 1 letter and 2 postcards. You could buy a new Ford Coupe for \$600, ... but who could afford one? Too bad, because gas was 11 cents a gallon.

In my day:

- 🕒 "grass" was mowed,
- 🕒 "coke" was a cold drink,
- 🕒 "pot" was something your mother cooked in and
- 🕒 "rock music" was your grandmother's lullaby.
- 🕒 "Aids" were helpers in the Principal's office,
- 🕒 "chip" meant a piece of wood,
- 🕒 "hardware" was found in a hardware store and
- 🕒 "software" wasn't even a word.

And we were the last generation to actually believe that a lady needed a husband to have a baby. No wonder people call us "old and confused" and say there is a generation gap or from the archives. How old do you think I am? I bet you have this old man in mind....you are in for a shock! Read on to see -- pretty scary if you think about it and pretty sad at the same time .

Are you ready ?????

This man would be only 70 years old today.

GIVES YOU SOMETHING TO THINK ABOUT... PASS THIS ON TO THE OLD ONES, THE YOUNG ONES WOULDN'T BELIEVE IT.

FEDERAL BUDGET

2019 | 2020

 LJ Hooker

Delivered in the shadow of an election, the 2019/20 federal budget was always going to offer more sweeteners than tough decisions. This year's budget headlines 'a return to surplus', while major personal tax cuts and infrastructure spending make up the policy position of the government moving forward. However, given the new measures outlined will not be debated or legislated before the federal election campaign begins, the biggest question is how relevant is this budget to Australians?

Property market impacts

There were no announcements, changes or incentives that will directly affect homeowners, real estate investors or the property industry in general. That said, personal and small business tax cuts will assist with cost of living pressures, consumer spending and business investment.

Indirectly, major road and rail infrastructure projects, hospital upgrades and drought assistance funding will provide significant uplift to regional towns and communities. This will help support businesses and jobs in these areas which will in-turn strengthen local economies.

The bottom line – back in surplus (next year)

After more than a decade, the federal budget is forecast to finally return to surplus in the coming financial year. A budget surplus of \$7.1 billion is expected for 2019/20 rising to surpluses of \$11 billion and \$17.8 billion in 2020/21 and 2021/22 respectively. The economic indicators contained in the budget provide a positive snapshot of the Australian economy with the unemployment rate expected to remain at 5% and GDP growth of 2.75% over the next two financial years.

Personal tax cuts brought forward

Similar to last year, the centrepiece of this year's budget is a restructuring of the personal income tax thresholds, although this will not occur until 2024/25. That said, an immediate lifting of the low-to-middle income tax offset (LMITO) will help households this year, providing a tax reduction in 2018/19 FY of up to \$1,080 for singles and \$2,160 for dual income families.

Double win for small businesses

A budget measure which will take effect immediately is an increase in the small business instant asset write-off threshold, which will be lifted to \$30,000 and expanded to include businesses with a turnover of \$50 million. In addition, businesses with a turnover of less than \$50 million will have their tax rate lowered to 25% by 2021/22.

Budget surplus of \$7.1b expected in 2019/20, rising to \$17.8b in 2021/22

The low-to-middle income tax offset is to be **lifted immediately** providing a tax relief of up to \$1,080 for singles and \$2,160 for households

Reduction of the 32.5% **personal tax** bracket to 30% by 2024/25

The **small business** instant asset write-off threshold will be lifted to \$30,000 for businesses with a turnover of up to \$50 million

\$100 billion infrastructure spending over 10 years, including a \$2.2 billion new road safety package

\$2 billion for a fast rail line from Geelong to Melbourne and the establishment of the National Faster Rail Agency

Infrastructure

New infrastructure helps reduce commute times, increases productivity, boosts local employment opportunities and makes outer-ring suburbs more accessible and attractive. Positively, spending on infrastructure will total \$100 billion over ten years with the 2019/20 Federal Budget focusing on a number of fast rail projects, road safety initiatives and highway upgrades with the biggest beneficiary being regional Australia.

Fast rail

- \$2 billion has been allocated to help deliver fast rail from Melbourne to Geelong
- A new \$14.5 million National Faster Rail Agency will be established to undertake business cases and deliver projects across the country

These include Sydney to Wollongong, Sydney to Parkes, Melbourne to Albury Wodonga, Melbourne to Traralgon, Brisbane to the Gold Coast, Sydney to Newcastle, Melbourne to Greater Shepparton and Brisbane to Sunshine Coast

Major road

- \$2.2 billion for a Road Safety Package which include \$1.1 billion for maintenance and repairs, \$550 million funding for the Black Spots Program and \$571 million for bridge renewals and safety including heavy vehicles
- An increase in the Urban Congestion Fund to \$4 billion to target congestion in some of the worst affected urban areas. This includes \$500 million to establish the Commuter Car Park Fund which will allow more people to park
- Roads of Strategic Importance funding has been increased by \$1 billion to \$4.5 billion
