

Things to be familiar with at Halls Head Bowling

First Aid

There is a first aid room along the passage. Content includes:

First aid box for band aids and similar

Bottled oxygen and mask

Bed and wheel chair

There is a Defibrillator (AED) mounted on the outside wall near the door opposite the bar.

Access requires dialling '000' for a pin number.

Please advise the bar staff if accessing anything from the first aid area for incident reporting.

Toilets

Toilets with 'ambulant' facilities are along passage.

Outside toilets are between C and D greens.

Sun screen is available in all toilet areas.

Shower

There is a single shower in the passage.

Match Room

Audio and video connection to all TV screens and projectors.

Audio System

Two hand held microphones that can be used on outside greens as well as in the building.

The microphones are colour coded for isolating to either outside, club end or function end of the building. Volume control and isolation is from the audio room.

Video System

Four wall mounted TV's and two projectors are controlled from the Audio room. They can all be controlled independently for results projection, advertising or commercial TV.

Entrance access

The building is locked and alarmed at the close of business, usually by the bar staff. The building is normally opened at 8.30 am, usually by the office staff. During this carnival it will normally be open by 7.00 am.

Entrance to the grounds is normally from 7.00 am. Other arrangements can be made.

Mats and Jacks

Mats and jacks are stored in the 'bowls room' opposite the outside BBQ. Combination access is 'C 1 2 3 4' then turn the handle anticlockwise.

Storage of Bags

Visitors bowling bags are usually stored at the Club end of the building along the wall under the honour boards.

More secure storage can be used by locking the Meeting Room.

All care but no responsibility is taken by Halls Head Bowling Club for loss of equipment.
