

▶ That becoming an organ donor is extremely rare?
Less than 1% of people who pass away are able to become organ donors.

▶ In Australia there are approximately **1400 people** on organ transplant waiting lists at any given time?

Did you know?

▶ Your family need to know your wishes because **they will be asked** to give final permission?

▶ **Only 11% of Northern Territory residents** have joined the national donor register?

For more information and to register your organ and tissue donation decision wishes on the Australian Organ Donor Register, please visit

donatelife.gov.au/decide

and talk to your loved ones today.

To organise an information session for your community group or to discuss collaboration on a community event, please email donatelife@nt.gov.au.
