Where there was no Club Best performance for an age group a standard was set (std).

If you equal a record or set a standard you will only score the points set at the top of the scoring Tables.

Performance points are awarded as follows:

Points Tables: Turn to event, age group column, go to the closest number to your achievement, across in the left hand column is the points awarded.

2. Handicap Round

Handicaps for round 2 of the award will be sealed and be available at the end of the meeting.

Only athletes who competed in the scratch round will be given a handicap. Any athlete that does not contest the scratch round will not be given a handicap. Their actual performance time/distance/height achieved in the handicap round will be used to calculate the points from the tables.

If you entered the scratch round and were given a handicap this is added to your performance points in the Field Events and Subtracted from your Performance in the Track Events.
