2.6 Opposite Gender Players (OG)

In single gender competitions, the following rules for the use of Opposite Gender Players will apply.

The penalty will be a loss of side points.
- 2.8.2 A full audit may be conducted by Match & Program Committee at a scheduled time during the season and spot audits will continue throughout the season. Although not compulsory, it is recommended that a person who is “non-playing” for the day be delegated to perform the duty of checking the temperature at the designated Weather Station for the Home club, as in Annexure B.

S7.1.2 Member Clubs are required to make the name of this person, and the name of the Umpire of the Day, available to all visiting Team Managers.

S7.1.3 For the purpose of temperature monitoring above, Member Clubs are required to make available a computer with internet access, where the Bureau of Meteorology Web site www.bom.gov.au can be accessed. The MBA will also approve the use of an Apple or Android Application on a mobile phone, if the application has a direct internet link from the Bureau of Meteorology Web site.

S7.1.4 When on www.bom.gov.au, the nominated person is to navigate to “SA”, on the menu at the top of the page, and then select “Adelaide area latest observations”. They must refer to the designated “Weather Station” for the Club to retrieve the current temperature.

S7.1.5 It is a requirement that a check of the temperature at the designated weather station is done shortly after each hour and half hour during play (ie to find out the temperature recorded at the hour and half hour eg 2pm, 2.30pm, 3pm etc).

S7.1.6 If the recorded temperature at the hour or half hour reaches or exceeds the cut-off temperature, the responsible person is to advise the Umpire of the Day, who after confirming the temperature, will call all players off the green/s at the completion of the end in play.

S7.1.7 Play will be abandoned for the day and Rule 5.8 of the Metropolitan Pennant Conditions of Play will apply.

The information below now details the process of when a game is rescheduled to an earlier start, and what process is to occur once a game is abandoned as per Rule 7.1.7.

S7.2 Saturday Pennant Competition

If the forecast maximum temperature for Adelaide for Saturday on the Bureau of Meteorology website (www.bom.gov.au) at 4.30pm on Thursday is 36 degrees Celsius or above, all games will be played on Saturday with trial ends commencing at 9.15am, under the conditions as described in Rule S7.1.

However, if the Thursday forecast maximum temperature for Saturday is below 36 degrees but increases to be 38 degrees or above at 7:30 am on the day of play (Saturday) then all Premier League & Division 1-3 games will be played on the following Friday night, with trial ends commencing at 6:00 pm. All other Metropolitan Saturday Pennant games will be cancelled and rescheduled at the discretion of Match & Program Committee.

When a decision has been made to play on a Saturday morning, no changes to the game time are to be made unless by mutual agreement between the sides drawn to play each other and agreement of Match & Program Committee. Such agreement should be obtained by 12 noon Friday (refer Rule 3.10).

S7.2.1 Premier League & Division 1-3

If it becomes necessary to suspend a game, due to factors as described in Rule S7.1, the game will be deemed as complete if the required number of ends have been completed as per Rule 5.8.

If the required number of ends are not completed, the game will be resumed from its previous state on the following Friday night, with trials ends commencing at 6.00pm, as in Law 32.

If it becomes necessary to suspend a Friday game due to inclement (wet) weather, the game will be deemed as complete if the required number of ends have been completed as per Rule 5.8. If the required number of ends are not completed, the game will be rescheduled (resumed) at the discretion of Match & Program Committee.

S7.2.2 Divisions 4 and below

If it becomes necessary to suspend a game, due to factors as described in Rule S7.1, the game will be deemed as complete if the required number of ends have been completed as per Rule 5.8.

If the required number of ends are not completed, the game may be rescheduled at the discretion of Match & Program Committee. If this is not possible then the game will be abandoned.

On any day where play is not possible due to the temperature reaching the required 38 degrees prior to the commencement of play the game will be rescheduled, if possible, to a day that has been allocated for this purpose.

S7.3 Wednesday Pennant Competition

If the forecast maximum temperature for Adelaide for Wednesday on the Bureau of Meteorology website (www.bom.gov.au) at 4.30pm on Monday is 36 degrees Celsius or above, all games will be played on Wednesday with trial ends commencing at 9.15am, under the conditions as described in Rule S7.1.

However, if the Monday forecast maximum temperature for Wednesday is below 36 degrees but increases to be 38 degrees or above at 7:30 am on the day of play (Wednesday) then all games will be cancelled.

If it becomes necessary to suspend a game, due to factors as described in Rule S7.1, the game will be deemed as complete if the required number of ends have been completed as per Rule 5.8.

If the required number of ends are not completed, the game will be abandoned.

S7.4 Thursday Pennant Competition

If the forecast maximum temperature for Adelaide for Thursday on the Bureau of Meteorology website (www.bom.gov.au) at 4.30pm on Tuesday is 36 degrees Celsius or above, all games will be played on Thursday with trial ends commencing at 9.15am, under the conditions as described in Rule S7.1.

However, if the Tuesday forecast maximum temperature for Thursday is below 36 degrees but increases to be 38 degrees or above at 7:30 am on the day of play (Thursday) then all games will be cancelled.

If it becomes necessary to suspend a game, due to factors as described in Rule S7.1, the game will be deemed as complete if the required number of ends have been completed as per Rule 5.8.

If the required number of ends are not completed, the game will be abandoned.

S7.5 Stoppages of Play

When play has commenced and the weather conditions deteriorate, play may be stopped by appeal of a side Manager to the Umpire of the Day. The Umpire of the Day may also act on his/her own discretion without appeal from either side manager if it is felt the conditions warrant cessation of play, as per Rule 6.3.

S7.6 Player Withdrawal

The withdrawal of any player from a side due to extreme weather during the course of the game can be dealt with in any of the following ways:

- The team in which the withdrawing player has played can cease play in accordance with the Laws of the Sport of Bowls and the Conditions of Play applicable to the competition. For game results refer Rule 5.8.
- A substitute, if available may be used by agreement.
- The remaining players in the team may continue to play with the Laws of the Sport of Bowls applying. DR. 2.5
