### **Club Coach Course Overview:**

The Club Coach Course is the final step in gaining National Coaching Accreditation Scheme (NCAS) accreditation with the Australian Sports Commission. After gaining this accreditation coaches should have the knowledge to run squads on their own. Club coaches also have access to join ASCTA which offers professional indemnity insurance in the membership (something not offered under the Masters Swimming Australia insurance policy) and coaching updates. Coaches must complete the intro course requirements before enrolling in the club coach course or complete a **Recognition of Current Competency** application to be admitted directly into the Club Coach Course.
