The position of the five judges will be the same for all the competition.

If one judge is temporary replaced, he will take place in the same original position when he reenters the competition.

A Judge cannot be a competitor.

8. KATA EVALUATION SYSTEM

Each judge will award points on the official IJF scoring sheet. The Maximum points and the Minimum Points awarded for each technique (included open and close ceremony) are cancelled and the remaining three are totalled to get the final score.

Each technique is evaluated with the following method:

- Open and close ceremony and each technique are evaluated with a maximum positive score of 10 points.

The positive score is decreased by mistakes marking crosses on the scoring sheet:

- Small: value of the mistake = 1

maximum number of crosses = 2

- Medium: value of the mistake = 3

maximum number of crosses = 1

- Big or wrong technique : The score starts from 5 instead of 10

maximum number of crosses = 1

(Small and medium can be added if necessary).

Forgotten technique: the score of the technique is Zero and the total score of Kata is halved. If the forgotten technique is more than one, Zero score will be given to the technique but total score will be not halved again.

If halved total value is not a whole number, approximation in defect will be applied.

A global evaluation of the Kata will be given in the row : fluidity, course and rhythm with a positive score from 0 to 10. If there is a forgotten technique this score shall be Zero.

For Nage no Kata right and left techniques will be evaluated globally (only one score).

The resulting scores correspond to the following judgements:

1-2 Poor

3-4 Nearly correct

5-6 Correct

7-8 Good

9-10 Excellent

In case of equal score between pairs the following criteria will be applied:

- total value of big mistakes. Wins who makes less mistakes;

if still equal score, total value of medium mistakes will be considered. Wins the pair who makes less mistakes;

if still equal score, total value of small mistakes will be considered. Wins the pair who makes less mistakes;

if still equal score the score of fluidity will decide. Wins the pair who has a better score.

The top three pairs with the maximum points in every Kata, will compete in the finals. The pair with the maximum points will be awarded the gold medal and will be the International Champion for that Kata.

The couple with the second maximum points will be awarded the silver medal; and the third, the

Bronze medal.

9. START AND END OF THE KATA

The judges shall always be in their position before the arrival of the couple in the competition area.

The couple enters the competition area at the opposite side of shomen in the centre, then they reach their corner.

The judge in the centre at shomen side gets up and, with tense arms and palms of the hands turned upward, invites the couple to enter the competition area. Each competitor reaches their position.

After the bow, at the end of the Kata, the couple leaves the competition area walking until they reach the same side they entered.

10. INJURY, ILLNESS OR ACCIDENT

When Tori or Uke is unable to continue because of injury, illness or accident during the execution of the Kata, the couple will be considered out of competition.

In case of Minor injury like bloody wound, broken nail or a problem with contact lenses, according to the decision of the judges, the Kata execution will be stopped and the athlete will be assisted by a Doctor out of the competition area.

The competition will continue and the couple will repeat entirely the Kata soon after the last called couple. In case a new Minor injury happens at the same athletes during the second execution of Kata, the couple will be considered out of competition.

In the case that Minor injury happens after a forgotten technique, the couple will be considered out of competition.

11. SITUATIONS NOT COVERED BY THE RULES

Where any situation arises which is not covered by the rules, it shall be dealt with a decision of IJF Kata Commission.
